*1937 summer/*1960 January - MALRAUX Minister **-**

“ You would have been able to give him, *in 1937 ,* Mr Poulter Colchester Museums full details of the RANSOM families…& some Homes for orphans about the world & Aunt Margaret he & a man you called dear Thomas…others TIGGY…You could have spoken of your grandparents & of islands…an island in the snow & that your Tour last year was true… you would, I am certain, have wanted to correct my failure to believe you… Your family Ransom were away & I had not taken up your offer to telephone for an appointment to Aunt girl-of-the-snows to telephone us back…

You said it might have been a day or even four days before we heard she would talk with us…she was often away but there were telephone numbers & people who might arrange for us to speak with her…*As you did quite often*… She had to live a quiet life as she had much to do looking after things for Thomas.`
But I felt you dreamed as I did when I was a child… ALAS ! …
I fear we have been living in FOUL WINTER since we came for that perfect holiday & met you… by the seashores at Clacton…`

(1960 January **near Midnight…ANDRE MALRAUX means Greta Ransom to understand she had no memory of Ransom relatives after WAR 1939 came & they all went away to fight for the British Nation & that the things she said to him early summer June 1945 were suddenly lost in her memory again…**
