OUR RANSOM ANCESTORS

… we are meeting them again down the Centuries

- they have NEVER

BEEN LOST BEFORE …

Above is photograph August 1959 Deputy Keeper COLCHESTER & ESSEX MUSEUMS

Harold Walter POULTER a great PEDAGOGUE

with Greta Ransom - **in this photo he is talking about**

“ ANGLO-FRENCH MATTERS, Child **…”**

“ … I am distressed … when MALRAUX came to us in the CASTLE that

Christmastide 1953 he was still a very young man … I told you then, you

dovetailed together … rare to get two birds like you two together …

YOU WOULD KEEP ONE ANOTHER SAFE **… He came this time last year and he was poisoned -**

he returned from here The Jaywick Sands and at 1 am was staggering in the

bathroom at Hollytrees Museum , crashing about … I got the Hospital -

they came with two Doctors … it was serious for 2-4 days …He has enemies **…**

I do wish Greene and Donovan had told me more … Can you recall that 1953

Graham Greene got you some information from the VATICAN about an

ancestor he said you had … an important Roman Catholic of the INCA -

knighted by SPAIN last century **… Then times became turbulent -**

we had interference from the fat man Sir James in that Club WHITES …

and a peculiar Physician with an expensive blue motor car kept getting up

the nose of our local POLICE ! We all seemed to have forgot this …

I`m darned sure they were keeping things from me those two Greene and

Donovan - ***on account of my great age*** **…** but I have the experience, darn it ~

20 years OUT EAST … travelled the world …

LETTERS from Harold Walter POULTER will appear as we continue with our

RANSOM ANCESTRY … ***and find it necessary perhaps to add more***

perplexing things about the 20th century **…** MIKE RANSOM & Big Chief

Bear Paw RANSOM in USA knew more **…** ***but have passed to our***

HAPPY HUNTING GROUNDS …
