

(Another person that night tried tell me- Greta Ransom- what I had been saved from- I remember Hilary-but my mind could not consider anything too well-it was a familiar state since a child- I have a photo taken of she & John when she is asking him about this attempt at murder February 1958 Clacton-on-Sea in Clive 's house.../ took the photograph

-)

That evening Christmas Tide 1957-1958 - I felt frightened at being dumped out in the Thames countryside ... & John & Ronnie not telling me how I should go back- then Ron may

have said something about a taxi

...

I asked Hilary & another person-Hilary got instructions written down

...

I thought it best to take a BUS - BUSES back to 50 Lancaster Gate Square-I felt silly a pauper at not being able to afford the taxi fare

...

I had had those silver tunnels of light in my brain & knew I had been in a world where I was trying to

**GET INSIDE MY BODY**

- clearly I was either ILL or somebody had before I left Lancaster Gate given me something nasty in a cup !

**It did not enter my head it could have come from here during the evening-I only had one drink of whatever the others were having-a long golden beer cool frothy**

...

I was frightened of getting on a train -  
buses seemed safer - a Conductor on duty - I could tell him if I was followed - & other passengers would help

...

There had been 3 abductions of me November - **I was saved from one by the Catholic young Staff forcing the truth out of a man Hampstead-& they collected me 7.30am the next morning-**
