1936/37 - When I Greta was three & four years old Lennie said that MILL's ghost sat on the stairs at 'Jerusalem' the little home by the sloping Park that some ladies in the family bought her when she had no moneys left- all she owned robbed from her by Earls Lindsaybuggarhs. I began to curtsey to Millie a ghost on the stairs- Len would talk to Mill 'wait a mo Mill- we will take you out- go skating...' It pleased Grandpa her only child...

MINERVA Olivea Hesketh raised next door to the Shakers his alive American Gran- *her 2<sup>nd</sup> marriage*
