1957 end October- **Doctor Mengele** Harrington swiftly had the telephone in Greta`s room removed . He had been on luxury holiday with his boy friends all summer-using Grote RANSOM Estate moneys

I G.R. pay 20 pounds a month for the room & this was my answer to dirty JIM
late October demanding I
get out
one evening
when ANDRE MALRAUX was away.

1957 November -The American General came in to No 50 hearing NOBLE HIGH CLASS

harming Andre & Greta-
He had no idea Andre Malraux did not know of GROTE HOMES RANSOM ESTATE- he had spoken with FJR earlier & Ivy-

(possibly he is of the 29th state/our Red Indian granny 17th century Harriet who brought no lands but languages...)

He now handed me Greta a gun - taught me how to fire it in the room/bullet hole by the window that *Mengele* Harrington immediately had removed -

I AM TO HAVE NO MEMORY... *Mengele* paedophile sadist Royal Satrap...plots to remove my memory every day- have me staggering about London- push me into a private clinic & kill...

23. SUMMER 1937...LIR says...

“ Did *sheShe* begin to mock Aunt Mag’s JOYOUS VENTURE when

she returned in NOVEMBER 1937...? She had been to everything of the Celebrations for
her friends except the Abbey Service...DID SHE FIND OUT WHOM YOU HAD BEEN WITH
?
You would not give it away for you’d had too
many awful times with *SheSHE* by then... We
think it is from the
November 1937
she was able to confide to someone that
ANDRE MALRAUX
had come
& saved your life
from the funeral she’d planned at Manchester in September placing you in a coffin
alongside Teresa Carroll her mother`s mother”

Nota bene: She got the parcel from France that Andre & Josette sent for Christmas - she would read Andre`s letter...

1937 Summer - Andre & *Greetha* - **WE RISE** before **DAWN** what is called pre-dawn...he stirs & I, some birds call in the gardens, some seaside little town **NEW DAY** sounds - the **SUMMER OF THE 5 WEEKS OF HAPPINESS** & to **LINCOLN**...to his Mother`s monuments...
WE are the SEA PEOPLES OF TALL SHIPS...

24. 1937 October - **My capital letters improve & I tell ANDRE George that we get SUMERIAN POSTCARDS...my father & Lennie who is good at the language write & send them to Dr Barnardo Orphanage over the road from our little Old Road house...
*I do not say to Andre & Josette
`because it is safer for the postal arrangements...`*
Letter is written for me by Auntie Winnie-**

The address is not in Sumerian for the Clacton Dr Barnardo`s Orphanage post. This learning of SUMERIAN is because a scholar has pronounced the Little Man of Babylon is real - not a school text - & we now have him one of the family - he thinks like LUCRETIUS on `matter`...

1937 - Mr Babylon Ransom adopted by the family is a middle-aged man come back to us
at 'Jerusalem' in
his tiny glass topped box about 4 inches by 5 inches- I like this being able to enter any
TIME- &
many-many years on I will realise that he doth too

-
Saint George
ANDRE-Colonel Malraux

-
but I am not now to worry he & Jo-
now they have left the Wars of Spain...

I tell them...` I have tried the Arab headscarf- but had to have a letter written for me
saying it is too difficult in class at St Clare Convent it slips over my eyes even though the
Nuns have put a grip to hold it in my hair- &
crossing the road I am unable to see either way properly .

I tell

ANDRE-

George

that an ARAB PRINCE OR KING-

somebody Aunt Margarethe/Aunt Mag visits

(her Arab Emirate investments the king asked her to make -they knew Tiggy !)

has sent me a PRAYER MAT & not to worry-

' be a boy 6 days of the week & a girl on Sundays ' was the reply & use the Prayer mat
when I like to

...& when I come to see them it will be alright if I wear the headscarf or veil once a week...

1937 Summer - Of PRAYER MATS...I suppose in ANDRE MALRAUX's mind *he half awake
in the DAWN*

just half hearing the dwarf Prophet striding beside him, running & a little skipping

-
he
had some imagery of FLYING CARPETS & Bagdad- & felt it was a tale I'd heard half
asleep -

**He had told me he was not a Christian but a Mahomedan-
I thought this a bit narrow minded**

-
I explained that
when you travel with THOMAS you have to have ALL RELIGIONS...

**& that I did...& enjoyed them...especially our Baptists South America & Catholics Santa
Fe`...& our INCA cousins...**

**SHEshe of Noble Britain *with an apartment in rear of a Palace 2 years given by her
friends & Mr PONG* *JIM* -has thrown the blue gold & dark blue
Prayer MAT on the fire...where *she*
threw the baby Eskimo grey pink embroidered boots with the snow skis fastened-**

Baby SNOW BOOTS sent for me to practice a present from Sarah Poulsen de SALLE of Paris
12 years old -

they went on the Visit to New York & Japan with Margarethe September 1936 - But I could not
go ...

I lay in bed a month with a face black from the blows of Mr PONG-**it was arranged to attack
me alone & I was left in the Rec ... dumped by
Sheshe
...friend of Noble fiends...**

Mr Charles Magowan took photos for a lawyer in New York ...

GROTE family & Brokers & Argentine Solicitors want me OUT of IMPERIAL immoral circles ! GROSS BRITAIN HAD NO LAW allowing it to kidnap me back & remove my Passport ! My young father FJR insists WE GO TO LAW...WE WIN TWICE...I bury two Judges !

And the WAR CAME ... September 1939-spring 1945 ...

1937 October - I hear of the death of Cousin Murgatroyd

age 22 years in Spain on his family Estate- & learn where the RANSOM family have been that summer- then I did have my bedroom door open- Aunt Murgatroyd showed me his photo, her son her only child, a smiling dark haired nice happy faced boy-man... when she came to help heal my mind 1936 September

1936 September I have survived : After the beating at my head by Mr Jong with an iron bar-in the name of Angela & Teresa who hate me because I am in training with Lennie as Heir & co-heir- 1937 onwards **my young cousin Murgatroyd he will not translate any more of the Coptic 900 years old Trading Centre records- All about an unknown Port & settlement 900 years ago-their families-lives-Trading**

records & travel-trade routes...

Lindsaybuggarhs Earls -they boiled him in marmalade for fun-pouring lemon juice & olive oil in-

My young Father is weeping... & sheShe was not to be sympathetic- “ *should have got out of Spain then*

...”

Lindsay EARLS are claiming the Estate near the Spanish seashores- A woman called Angela had told them the year before they could have it

1936 -

We are not to tell Aunt Murgatroyd how her boy died

...

she my girl-of-the russet silk bridal gown...

1937 Summer - I try only tell ANDRE MALRAUX happy things... except when I must warn him about going too near

THE GRAND

where The Monsters of the Deep can rush out & throw stones & make rude signs - try drag me into a car or into their horrible HOUSE OF INDECENT MEN ...as old people call it...observing them all !

But we have that summer happiness... ANDRE MALRAUX will come to sit upon Jo`s beach, Holland-on-sea until the end of his life...his last visit is October 1976... with help from other human beings !

1937 BLACK NIGHT - of the gentle summer with Andre & Jo Clacton-on-sea- **It is the second-third week & it is very black night about 10 pm & we sit on the beach at Holland-on-Sea-now become 'the beach Jo likes- & where she can find us or we find she' ...Unity's mother Stella-stars is with her father above the cliff in the white Art deco Convalescent Home- his wife her mother died awhile ago & she fears he will not recover from an operation- there is an added sadness to the times of the visit- but we all say we Pray he will get well- I feel the chill advance upon me of my own death September that is not to be**

...

& the same is said later by Saint George Andre about his own state of health at this time ... 'I thought I only had 2 months to live

I Greetha have also my Grandpa Gordon in the grave from March & this causes sadness-

1937 - I SIT A LITTLE DISTANCE FROM JO & ANDRE...

...they have lit a small fire on the beach near to the water's edge where the clean sand shelves to the ripples of the sea & the beach shelves slopes... & I sit above them 20 feet or so away on the big shingle stones- Andre & Josette they will leave the town & I will have the return of the braying brutal liars who persecute us for this dough...they wish to destroy all the foreign settlements so they are not in the way of British Trade- & they want to punch the faces of the Grote children & hurl them in the deep- I have heard them say so these IMPERIAL Figures from a Morgue - Earls Lindsaybuggarhs & Mr Pong when they creep in our backdoor are full of foul speech & with Teresa drink & eat bacon sandwiches & ham - drink Port & Absinthe & Brandy

...

& they can spite the old Eskimo & get the money !

ANDRE George is gracefully going about the beach of grey black shadows finding dry wood for the fire...he swoops down in a slow motion from his tall body bowing first from the head- Perhaps I notice these things because of **JEAN** ballerina my father's mother... & Len's too - I have seen her dance in many places South America & do the splits in the air- whirl to the **3 Cornered Hat**

It is agreed Georges-ANDRE & JO they will stay longer in Clacton Town - Oh they say they appreciate the house on the corner & enjoy our arrangements...they have asked permission of the dying man whose company they enjoy...he in the white Convalescent

Home above where Holland-on-sea begins -

They have

spoken to him of our sight-seeing & the pleasant safe life here in East Anglia
after the dangers they have experienced in Spain -

**& the contrast with the modern world of big cities & rags & riches they have entered
when young -**

**Here is a modern world but ancient at the same time- common-sense ways & SEA
PEOPLES - Andre is proud of his English ancestry & knowing it so far back from his
mother... commencing 9th century A.D. - As writers they appreciate a home**

& safe days & nights...Both

Andre

& JO

m

ake notes every day -

**& some evenings...they read all the newspapers we can find & listen to the BBC...& he
talks & talks & talks to persons about the TOWN**

...

some speak other languages...

**1937 - A BLACK NIGHT ...We make no human sounds sometimes ... for two or three
minutes...we can hear nothing except some night birds over the cliffs on the Marshes of
Great Holland...**

*The tide out so far away so just the gentle
whispering talking of the night sea along its edges where it pushes at seaweeds shells & stones*

-

I think of Neolithic Clactonian Man coming down to get his shell-fishes & net some fishes...then there is the marsh & sea birds to feed his families with...
The very soft voices of ANDRE & Jo sometimes in French-English suit the dark night

-
T
hen
two deckchair & chalet-care men step from their tasks out of the fluffy sweeps of black brown greyness- they
have come to speak about SPAIN-
At first a little withdrawn & busy tidying the beach about
Andre & JO...
then bringing them some more drift wood for the fire-
They have been checking the private chalets are locked & no glimmer of light inside...but
I have seen them gazing towards us when their forms were caught by the lights along the
seafront road above-
Then they come stepping towards the fire of driftwood speaking quietly on the warm
dark airs -
Andre
gives them answers & some descriptions of
SPAIN-
& says do not let anyone go...
its a waste of life now
.
We have made a Statement to the world.
They question intelligently
.
I begin to follow much more why we go at dawn to get ALL the NEWSPAPERS for him-
Saint George
Andre-

1937 - A BLACK NIGHT - The men know who I am & of our hostess Stella-stars her father
trying to recover in the Home above... & have seen us come & go from this beach in the
daytimes-
Annie Miss Williams of `Stella Maris` is using her chalet & they all talk a little about Town

matters...

They know my father- Harry- Miss Winnie- my grandparents Gordon & that Grandpa has just died before this summer.

THEY BEGIN TO SPEAK ON WAR-

The Great War- real to me from Sundays after Church when people talk about the horrible 1914-1919 happenings & remember the fallen they have known -

Sometimes older people speak about the Wars before...

Jo & Andre sit beside the Black Night beach fire- **Colonel Andre rising because he can speak so much more eloquently upon a historic happening if he plants firmly his feet & can stretch about -** Unity`s

mother

tella-stars

comes down the cliff to join us- she has settled her father down for the night- he is frail but content & sends his Goodnight &

“ a Peaceful Night for all ” -

I see that it is

`SUCH A LOVELY NIGHT` -Oh such a lovely night- so peaceful...

` SO PEACEFUL `
