They wear little beaded caps & modern clothes, cotton trousers & coloured shirts -

`Will she dance they are asking JEAN says Len translating & when will she dance ?

They the kith & kin come over 2-3 days...they will arrive... Quiet pleasure that Cousin Clarke has made a new film called San Francisco about the earthquake...`

Yes- he has come with others-from Hollywood-they see them every year ...`

They our INCA families came on such quiet feet from the waterways...like fairies I saw them emerging from their punts & climbing up under the trees

... `KIT-Kitty` Kathleen Gordon elder sister to Teresa Win Esther & Harry survived the epidemic that killed her parents 5 children 1905 ages 13 to 2 years ...5 of the children... known to G.R as `Your grandparents first family..`

Kitty marries Guy Vansittart in a private unannounced service in the Catholic Tree Cathedral - Sister Teresa having just got herself a Prison sentence & escaped an incarceration in an Asyl um.

Guy's brother is in the British Government ~  
( ? Possibly the Nut House could they have done something for Teresa & perhaps stopped her noble friends-fiends who immediately set about robbing the 60 thousand pounds of her illegitimate first son Jack Gordon made Ward of Court at 2 years - His father a Naval medical man was pushed overboard so this could go on...)

Kitty Vansittart could not be buried with her married name as his brother is to do with the Government of G.B - She was attacked by 2 men outside CLIVEDEN after she had met the Carrier *family friends* to put parcels on for her cousins Northern England- The killers knew her movements from visiting Teresa in Holloway Prison
