Mr Pong came with a Clock an owl clock he had made - then he said it was a bomb & would go off at 9.30pm- I waited until he had gone-
gone-then carefully got out of bed & took it down the stairs to the garden-

or it might blow a hole in the Old Road & the cars could not get by -

IT WENT OFF AT 12 MIDNIGHT - I was asleep & half woke to hear it- but I had put it far away in a safe place- *it did not go off at 9.30pm -*

JIM Mr Pong's bomb -

**It blew a hole the size of the ancient Crater of the Island of SANTORIN ... where Fred & Gertrud Ransom used to sail by with the children in the last century -
I heard next day of the awesome breaking of windows in other houses too & water mains - some gas pipes & things- Daddy & friends got busy mending & the Town knew who had done it - the Council had to help with the technical & dangerous parts of the restoration of underground pipes & pipes into the other houses ...**

JEAN- she had the TWO GIRLS in the daytime...they who had looked after `Jerusalem` for Frederick Charles...since he was a teenager when his mother died...The girls took good care of the house, all the cooking in those days, & CLEANED TOP TO BOTTOM EVERY 2 WEEKS... You may recall how my father would help them too when you were a child ..& he would make them COCOA in wintertime...2 spoonfuls of cocoa & crystal sugar & rich milk...
