

MARGARETHE daughter b 1841 of Fred & Gertrud Ransom a beautiful child had only the
exotic oval eyes in blue... *the*
neat face & high cheek bones...
but this was enough to have her called `old Eskimo
` by Lindsay Earls & other Gross Britain
disgusting noble thieves-

“ Lindsay a bloody nuisance since the Planet began ...”

quotes Winston Churchill January 1960... He tells how `bloody LINDSAY...they'd tried lock
Margarethe Ransom Grote up in an Asylum in the 1920s...
& CLAIM all her wealth...ridiculously

via her sister-in-law Millie Frobisher skater Academy of Ancient Arts whom they'd killed
in 1897 to get her Florida lands & then DESTROYED THEM ... *he had an American*
mother... ! *HE HAD SEEN*
MILLIE FROBISHER aristocrat SKATE-
she was into the Classical thing...
little school of Dancing & athletics... !
She married a highly educated Ransom...
brother of Mrs Grote
...`
after this he & Mrs Grote wrote one another during the year...two or three times...`...”

1920s Churchill spoke to Mrs Grote & found her education far superior to his - `she could speak to you in 12 languages-about the literature too-she knew Arabic-Classical languages...Her family Theatre on her Island off Xristensharb gave every worthwhile play-

all of Shakespeare-you sailed up for a Season- 30 years`

Winston Churchill says “ If Earl Lindsay has a degree... then I have 10 ” ! “...Mrs Grote left the realm to go abroad as she always had to see to her husband’s GROTE HOMES & her Ransom lands...circumnavigating A to Z...we would exchange letters...she always had things to tell me about t he globe...! ”

1939 London January winter - **When Churchill heard two young girls older than the heir to Mrs Grote... were put to claiming Mrs Ransom Grote`s Estate ...**
he said they should go back to a schoolroom

& learn you did NOT take another peoples properties ! **He would have a word with them...**

The legal heir may have said the eldest had called her “An Ape who was not getting it (*all...?*)”
She is taught to call Mr Pong` Uncle James`...but he is a murderer...a PIMP...~~~

(perhaps G.R. should have called her back - a sub-Ape !...

But Grandfather Frederick Charles Frobisher RANSOM has been taught perfect manners by his mother Millie Frobisher...before the LINDSAY GANG killed her for her Florida lands... having taken all her moneys, her family monuments & mementos ...

Nota bene : CHURCHILL : He does not seem to know JIM is a pimp ...but Churchill, he knew the murderous Lindsay mob !

Churchill champions Mrs Grote's ancestry-

`England has always had an influx of foreigners coming in- in her case she has a family Ransom down the East Coast of Britain from the beginning of Christianity! ”

Thus JIM could fool him early 2

nd

W. War/records

His enthusiasm is to be admired - but he has a naivety about some of the 1920s Noble pimps... especially this cunning little IMP JIM JONG...

&

the Noble use of the maniac making drug up their snouts -

Divinorum Salvia Scotland

-

is certainly not used by him in his Realm of MEN OF LETTERS...Churchill did know & he dealt with it...but allowing PRIVILEGE for NOBLE BRITAIN...perhaps he could do nothing else at that time or he`d have had a bullet in his neck ...

Lindsay Earls of Crawford etc had 1920s made a number of killings in Scotland- Churchill took stolen properties off them & 1920s drove some of the Lindsay MOB overseas

- Churchill had no illusions why penniless aristocrats stole -`

THEY HAD NO MONEY

...his mother being American helped his reasoning !

1939 - Mr Winston Churchill had questioned a child cheering him up over a newspaper article
1939 a winter morning in his newspaper shop - **Greta Ransom nearly 6 years spoke
kindly to an old man rather distressed by his newspaper which he was reading aloud in
the shop...** He looked like Father
Christmas`

**G.R. believes we own the land these Mansions WSC lives in are built on for some
centuries...& we are to meet an Agent & speak about repairs to the Mansions - *It proves
to be the usual FRAUD***

***& falsehoods & JIM & LINDSAY saw they could make trouble AND GET SOME DOUGH
QUICKLY but the REPAIRS would never be made...*** Death Duties on OUR British properties
(
Margarethe murdered by JIM Jong 15 Mai 1938)
were paid 3 times over - officially & also
stolen
in this violent theft
by
Nobles who keep unholy households -

1939 January - **GR & her father FJR & Lennie that winter morning about 9 am noticed a
slimy man following us- *cocking-an-ear...*he tried hiding in a shop
doorway as we waited for the Agent...**

Looking up from his distressing newspaper Mr Churchill found the

nearly 6 years old Greta Frobisher Weddell Ransom could tell him the philosophy-administration-welfare- of her Aunt Margarethe's Estate & Tiggy's Homes- & the child had travelled to them when 2-3 years with Lennie -

“ Ah yes he'd seen young Len at doos -

Frederick Charles Frobisher Ransom's youngest boy

- he could fly planes Pole to Pole - so here were the heirs - it was a good Team -

War was coming ! They'd be better off in the Argentine ?...`

1960 January/ CHURCHILL...

“ Yes...he had to correct two small girls some years ago about this Estate... telling them they could not take other peoples property...he felt he knew this is where it came to them from...He now repeated this

& General de GAULLE whom he did not like very much-
nevertheless his judgement was fair -**

...“ they cannot take this Estate LINDSAY...the connection is too far out ... 1830 !!! ”

MANY GOOD PEOPLE DIED 1960...or were hounded...some going overseas...The kind**

honest Air Ministry old retiring man...who tried to re-pay the money for the seaplanes...to Greta & Lennie Ransom ...(*hunted to death for 7 years...hidden in USA/records...*)

He, Churchill, took from Earl no. 14 LINDSAY (*that evil little jack-in-box*) 98 thousand pounds English currency- stuck it in a Swiss Bank- Malraux's name on it as Guardian
- he to draw for Greta & Lennie as their Guardian
...(not a penny ever came out...after Malraux's death some crooks walked off with it...)

Churchill now tackled 2 Noble crooks & one got free of his Devils -

Together he & Churchill put stolen moneys into a good work *but it was a bit of fraud too*

Available in USA - brought quickly to Europe again -

De GAULLE & MALRAUX now had proof in their hands that GROSS BRITAIN HAD NO LEGAL CLAIM to any part of this Estate - no claim of the Crown via Lindsay Earls was legal-

March 1962 Churchill was dead - **Greta Ransom stood in the funeral crowds at the foot of Saint Paul's Cathedral City of London-it was shown on the news -`my exotic foreign face`**

-

Mr Mengele

Doc Harrington now at the height of his bestial evil swore in a rage that the Ape would be cut out of the film ~

Teresa Gordon R. told him...she got money & fine dinners for reporting this !

1962 - THE NOBLE HUMANISTS : ANDRE MALRAUX could not draw the wages for the detectives from the Swiss moneys placed for him by Churchill 1960 - Arthur Malone used his SAVINGS up protecting us all & Philip Silverlee working as Insurance Agent London/Argentine contributed to the weekly expenses as much as he could...also assisting Patrick MacDrew with research time funding all the 1960s -

Greta Ransom never had a penny of the Estate all her life although in the 1980s it was about the blood & gore dripping Noble circles that she had spent millions !

ON WHAT ?

G.R. has never been to a Race Course in her life !

Does not go to Casinos !

Or buy TOGS in PARIS !

“ Angela had 2 fine black horses 1938 *& showed them off at an event Britain ... bought out of Greta Ransom`s cheque from Ransom Solicitors (1830s)*

Argentine for school fees until she is 18 years..

LINDSAYbuggarhs Earls took the rest...”

1952 November (10 years in the life of the heir) - G.R. went work in *Camulodunum Colonia Victricensis* C

& Noble SCUM...

THEY WOULD KILL RATHER THAN ALLOW A FRIENDSHIP...for THEN THE MATTER OF
THE ESTATE would be explained...& ANDRE MALRAUX would appear again upon the
scene...It would be discovered THEY USED DOPE ON GRETA TO MAKE HER A
ZOMBIE...TOOK HER MEMORY AWAY DAILY...kept all POST/mail as from Christmas
1933..

Always once a month LINDSAY Earls & other SCUM all met with Teresa & Mengele to
dine & snort at discrete private places & go over the PLOT ! IF

FOUND OUT THEY ALL HAVE NO DOUGH !

And would be with a suitcase on the run...

**Nord-Sud Poles
...& round about**

ending up CRIME ON ICE...Wilkins Ice shelf perhaps !

1962 spring-summer - **Greta saw Mr Mengele perhaps once a week parking that blue car near Rose`s flat which is off The Lambeth Walk.
Malone who lives in a room 3 doors away with Miss Rose Holder`s friends of her parents...
knew this too !**

1960 February - **Arthur Malone/Politan...HE KNEW IF HE GAVE AWAY TO Mengele or Mrs Mengele
that he SUSPECTED THEM...
he was DEAD !
He had got
an understanding
of this pair from October 1957 when they appeared to use 50 Lancaster Gate Square as their Town House when Andre was not there
-
so he never grew impatient of their calls...always cheerful...appearing to be efficiently working for Hero ANDRE
seeing his visits ran smoothly...but Malone spoke of taking other little Detective JOBS too...He would ask hypothetical questions of Mr Mengele
HARRINGTON...which had Doctor H.
feel VERY IMPORTANT
!
Always courteous to them & full of homely wisdom...talking of his retirement at sometime...not just yet though...thinking about it...
“ ANDRE says hang on a bit...”**

Arthur Malone, from things Mrs blonde *Mengele* gave away about their social life ...was sure by 1960 summer whom they were working for

...

... but there were so many SPIES about ...& dozens of characters about ANDRE & GREETA the chief ACTORS ON THE STAGE...You would not know whom to trust. He went on playing the Detective in the Lawyers Gown... Giving the impression he was a 60 years old happy working for ANDRE MALRAUX... this awkward matter of young love & POLITICS at the top...

Putting it to the *Mengele* pair 1960... `would be best to give them a little house & garden near Colchester...then we can all come for a bite of supper or lunch when we want a break from the big City...

Greta on Mrs

He saw hate of Andre &
Mengele`s
...she

could draw money on the Ransom Estate for luxuries

...

she had unearned moneys she could help herself too...
with her non-husband

...who clearly was a danger to small boys...he was aware it was not unknown to their employers...!

1962 summer - I, **G.R. clearly being poisoned by Mengele giving a dope soaked MAD**
Teresa orders ... “ ... determined
to put *Greta*
Ransom in a
wheelchair as he tried to do 1957 Lancaster Gate Square
when he began injecting her body the right hand side creeping into her room at night !
At this time ANDRE MALRAUX threw him out for another reason !
