

The Noble G.B. & Scandinavian slayers of the GROTE Children know ANDRE MALRAUX *doth* not know OF HIS FULL GUARDIANSHIP-

High Class Imperial British

Sin

is spending on new diamonds-gambling-dirty parties-going round Casinos of the World cashing cheques

on GROTE RANSOM ESTATE

-& DESTROYING THE INFRA-STRUCTURE OF MANY SMALL NATIONS

...in their GREED to get piles of DOUGH...Calling in their obscene VOICES it is for BRITISH TRADE ...TO MAKE GREAT BRITAIN GREAT AGAIN...& that they have ALL LOST MONEY IN THE WAR !

LIARS

& they are proud to boast this killing of the GROTE HOMES CHILDREN has made them Men-

Records `DRIPPING IN BLOOD & GORE- reports-Clubs-active persons-

1945 onwards - ANDRE MALRAUX doth not know what good people think he knows - GROTE RANSOM ESTATE slain children- *he since 1937 Guardian so must have it a matter with General Charles de Gaulle-FRANCE...*

Andre believes Greetah has some inheritance from the Mission work of her grandmother Mary Gordon & sisters...

It is known October 1937 he accepted Guardianship from Mrs Margaret Grote -

The good people do not know ANDRE MALRAUX has HIS POST/Mail STOLEN BY ORDERS IMPERIAL Gross Britain Government for The Crown/since November 1937 - The date when the Imperial Noble big ugly clumsy doped up buggarhs found out MALRAUX GUARDIAN !`

Nota bene : The `clumsy doped up buggarhs` phrase sounds like solid East End London common sense - Andre Malraux goes about with many people 1950s raising Funds for Children Holidays-hospitals etc...They call him ` A ndre Old Sod`
`...`
Perhaps some were in SPAIN...

1945 - ANDRE MALRAUX returns to Widower Mary Gordon dead -

“ a woman of intellect poisoned June 2-3rd 1944 ”

records **Hospital/various persons & later Detectives Colleagues Andre Malraux /Fiona-Fun nula MacDonald**
telling Andre Malraux whom she's known since 1945
& LIR 1960/1961-
SOON she got
Mengele
Harrington
`a leper a paedophile
a creature who had such power from perverts at the top-fooled good people at first...
would put a foot in the door in the name of the Crown ...`)

1945 onwards - it is believed in East Anglia that he **ANDRE & Saint Charles General de Gaulle** have the matter in hand-

This is a

Iso believed by Mary Gordon's sisters Bessie Martha & Annie Agnes of his intellect-
sometimes going a little higher ? ...

because of their Mission Liverpool then London-& in-put of HUMANISM from their mother TERESA CARROLL a girl with a degree in Classics Southern Ireland/branching into

studies in Plato & Harmony...

Good townsfolk & the families of Greta Ransom do not tell him what they are certain he *d oth*

know -

Although a lot is said by the school-teachers 1945 believing he should be informed of dangers...

the murder by Lindsay Earls & JIM of the 9 years Sea heiress in Greta`s Class 1942 to pay their double DEATH DUTIES

by getting hold of the NEWFOUNDLAND LANDS

calling them CROWN LANDS

of her 900 years old Essex family of Sible/

Castle Hedingham

-

IT IS AGAIN A MATTER OF SHIPS PASSING IN THE DARK

-

Good citizens of East Anglia know he now carries responsibilities at the top of FRANCE
working for a General known to old ladies as ‘
Saint Charles’
de GAULLE -

1940s - Of course ANDRE MALRAUX does not live in Essex - He descends USA Airbase
Ipswich for a few days...
they load him each time with 6 bottles RYE Whiskey for his War Services
...
or perhaps for SPAIN...
it was in a line at the Winnclermanns -
Mrs W- would have preferred the new invented powder coffee...

Colonel ANDRE descends to the Winnclermanns ! It is very important that CLARA & the
rest of the French Connections do not
know where he goes-
General de Gaulle is informed & has a telephone number to the Winnclermann home &
soon a re-opened Chemist shop/Murrays ...

1937 SUMMER (*some friends & acquaintances Andre makes he keeps for life*) “ Andre
plimsoles- I am your size ” ...a very tall man went off on a bike & returned with them to
try on- Andre said he was surprised at such kindness-
So Andre & JO are to play this early evening & are booked in this morning-
Unity’s mother says

“WE HAVE TO GET THE JUMPS OUT OF HIM...he has had them since being in SPAIN...”
& many kindly people will help here at the Tennis Club-
SPAIN is a matter of concern- it is known some English have gone...

All the Town know Mary Gordon is Widowed... & are shocked at the sudden death of George who was so active & so much apart of the Town gentle life...& always painting...

1937 Summer dawns...

This morning as we go to The Way of the Newspapers with Rosy fingered dawn yawning pulling on her robe of grey

&

we have been talking softly away since waking in

the ozone fleeting stars Ancient Theatre

...that the old men Neolithic lived with too...

We had some of them here up on the Holland Cliffs...& they are named after us

`Clactonian Man` ...

ANDRE of Spain Catholic boy & *meeeh*...we have especially been `chewing over` about that lecture that I stayed awake at in March 1937 in Colchester -

“

& I noticed on Our Arrival the old lamp outside the old dulled brick walls school & the way the evergreens reached about it- `it was cosy Andre-George `like the paintings Grandpa Gordon paints...`”

Teilhard de Chardin

removing his jacket & waving his arms in his white shirt was saying things

I did have difficulty with

but was recording mentally what I could `

for Daddy could not come` ...

Teilhard de Chardin lecture ... so Unity's mother & her Roman Catholic Convert friends
took me...` & I have agreed to agree *Saint George- Andre*
is

right & he is

not

an Indian-the lecturer...

he

only was talking about India.

This Summer morning Unity's mother has brought us in her little old car to the Tennis
Club but he

Saint George

ANDRE & I are beginning to prefer to walk & talk or just look & think & talk later...

We do like

JO

to take rides though- all the time if we can see she does

-

She wears very high heels & she

has

to look fashionable for

ANDRE

who might look at other girls...

Tall windows at the Tennis Club I notice & admire... Andre in white shirt no tie...tall so
tall & graceful bending at those impossible degrees & never falling over- If only there
was an invention to get from one's memory the mind pictures that run like a cine film...&
where gentle happiness reigned...a tremulous happiness for all of us...is our experience
on this Summer holiday with he & Josette but we were getting strong & brave all the
time.

1937 Summer -

We have come this morning to arrange tennis for them `TO GET THE JUMPS OUT OF
ANDRE` repeats Unity's mother
talking away to some people-
& there's Freddie-the-Clacton-Theatre
who may be coming with us & we are going somewhere with him soon or perhaps just to
see a little rehearsal of his play that week -
Freddie will take us to
JOHN CONSTABLE's Dedham
& we hire a big car from Harry's garage as he cannot come & be second-car driver to
take us to see the famous places & the old houses- Uncle Harry knows people who have
paintings
but not perhaps by Mr Constable
-
but there are old people whose
grandparents knew Mr Constable...

On the way to Dedham we pass the strange house built in one part upstairs like a ship-
there is a history about its builder owner who was a Sea-going man (*perhaps Essex
archives*) ... Now the
trees in
summer 1937
hanging already over the road...& a dark Pine Plantation at the back - a mood rather
sinister passes over all of us-
That Norway like forest gives gloomy thoughts/Sibelius/ & it spoils the house & you'd
not feel happy perhaps at night...
There was a reason for this
pine forest but I forget- grown for the wood & table birds that could be reared ?

It will enter our life 1947 January with JO dead from Imperial greed of Britain & Scandinavia...
(*A sinister place I felt from distant memories when it is spoken of in 1946 November...*)

1940s - the **IMPERIAL Mafia Earls of Lindsaybuggarhs & Noble scum & Jim Jong** *of many names* -
still come slither down & use it as

a bolt hole when they cannot show their monster selves at Frinton-on-Sea except with **BIG WIGS...** like “lavatory Louis-log of wood-get it off the Seas it is an insult to every good seaman...”

1946 - EVIL PLOTTED : Teresa Gordon R. had the idea that after marriage we would live here...she knew Andre would be in England once a fortnight or month...so she would come THUDDING IN to this sinister lonely place & set up activities as her Noble Scum...gambling/prostitution/dope & heavy boozing...THUS she would make money & TUMBLE MALRAUX...France & her own families **...& no doubt in her**
PIN PIN PIN HEAD **s**
he felt she would be made a **COUNT !**
NOBLE BRITAIN penniless is criminally insane !
But no matter HOW MUCH DOUGH they get they will continue INSANE BECAUSE OF THE USE OF DOPES...especially pellets of the purple plum/snow up their snouts... a habit since they are 12/13 years of age... its in bowls in the stables...

1940s - The Imperial Evil had to get into some sheep skins...

it is because of mutterings over Essex *demesnes`* on the murder 1942 of the

Newfoundland heiress Miss M. d Uff-MacDrew aged 9 years in Greta Ransom's class
Clacton-on-Sea...& the murderers found out
because the bill
for her mock
symbolic
funeral in the churchyard at Castle/Sible Hedingham
(*`before transport to Newfoundland to her Chapel`*
the murderers told the Undertaker
)

....was sent by Earl Lindsay nearly No 14 to my Grandmother MARY GORDON for Greta Ransom to pay COSTS ~

1942 a morning - Llewellen Road School Clacton-on-Sea - *LINDSAY Earl 14 nearly...in surly mood,*
his fat short body in a navy blue raincoat pulled in so tight on the waist belt ...
almost spits in hate at the CLASS

“ Miss Ransom's school class decide it should be her to pay the Funeral Bill as she has very big moneys...”

....He is to LECTURE ON THE SEAWRECK MARINERS SOCIETY...& we are to put a SILVER COIN
in the collecting bowl he has...it is a big kitchen bowl from the School Dinner Ladies getting our midday dinner...
HE LOOKS RED EYED & MAD !
This murder
of an heiress
in our class is spoken of as
“murdered by those known”

**“ These thugs burn bodies in Scotland/ several reports/Arthur Malone Colleagues 1960 & Andre Malraux to PJPW 1970 winter

**I Greta Ransom Whitehead 1970 asked to remember this but not to be shown ANY
PHOTOGRAPHS OF THE PAST !!!**

**... MENGELE HAS GIVEN ORDERS GR is NOT TO SEE ANY PHOTOGRAPHS of her PAST

**1942 March - PLANNED MURDER OF A SEA HEIRESS age 9 years to pay the DEATH
DUTIES of Earls of LINDSAY at Castle Hedingham :**

**A Lindsaybuggarh (*Earl 14*) was rude to us, we two 9 years old SEA HEIRS & brutal in
front of our Class. *I Greta Ransom had just arrived January
1942 from Wiltshire to Custody my grandmother Mary Gordon & my two younger
brothers John Gordon Ransom 6 years old & Colin Frederick Ransom 4 years in October
1942 come with me..***

1941 December 26th - **TERESA GORDON Ransom IS PUT IN PRISON by Wiltshire & Worcester Magistrates** ! She has been going up to London Town to Parties with her Noble friends in that BIG Palace & about Whitehall
& also robbing an old Peoples home & using violence against them

...
SHE WAS REQUIRED TO DO SOME WARWORK as she had no children to care for/ baby Colin cared for by kind neighbours

Jack-in-the-Box

Lindsay enters a cold 1942 morning...he began with authority in his deep voice issuing from his barrel carcase...wearing a Naval RN dark blue raincoat as VICE PRESIDENT of the SHIPWRECK MARINERS

...
his fat stuck out stomach & his glare were troubling to several of the class who are not working class

but from the great Nonconformist Families that have made ENGLAND`S WEALTH 18

centuries...

1942 - **Essex/Clacton Primary School/ LINDSAY** began by demanding her lands for THE WAR EFFORT ! **(because he has to pay these double death duties !)** Miss `Uff
Macdrew now has her brother her co-heir just dead at 19 years & her father dead all in the last months... he
r mother pregnant in hospital
...
She a child of 9 years alone in the countryside near Colchester...she comes in daily to school by car ... a War Worker having to travel from Sible Hedingham to Clacton
...A nun got from Sudbury, a Protestant Convent, is come as housekeeper...then the Nun had to be recalled...
after a fortnight it was found by local people the young girl was living alone...
She had been told THE NUN WOULD RETURN ANY DAY...the Nun did not...This Sea heiress is from a 900 years old Essex family... monuments in the churchyard were found to be missing 1952 ...SHE WAS MURDERED GOING TO CHOIR PRACTICE ON HER BIKE...early a Saturday morning ...

1954 - Records WERE in Colchester MUSEUMS...but *Doc Mengele* Harrington & dirty JIM were poking about in the Munitions Room 1954 !!!
Saying everything was property The Crown...

... Her mother is pregnant with the last child...it is she is the `UFF heiress & married Patrick MacDrew's brother...these two families have had so much persecution from these IMPERIAL MAFIA LINDSAY & Pongery the half-Chinese Racist *travelling companion of Angela* for many years...

Lindsay 14...

calling itself a Lord or a Count

...

glared at me Greta Ransom HEIR when I raised my head from the desk & HE again said something rude

at me

with blazing eyes of hate

!

I in shock & considerable fear at the suddenness the onslaught so unexpected that school morning-

& always speechless at first to anyone suddenly addressing me

could only hang my head over my

desk again-he had clearly said venomous things about my families...

I am 9 years old-

Nota bene : Jack-in-the-Box Lindsay 14 ...

He speaks on Ship Wreck Mariners - his family's history as prime wreckers early 19th century is well known -

at The Admiralty & seashores where MEN OF THE SEAS retire !

1942/1943 - Coins were marked in the collections LINDSAY made for Ship Wreck Mariners - as expected they all turned up in the Clacton Royal Hotel bar-

staff

helping unmask -

These Earls & monsters & a half-Chinese racist have

kudos

& pour tea for Imperial divinities...

adding dopes/

making puppets on strings...

1946 Colonel Georges-ANDRE MALRAUX *of France & Britain*

does not know the hideous roles or the careers of these criminally insane of the Imperial big boots with very long black tongues... all with *Divinorum Salvia Scotland* pellets fire blown up their collapsing snouts

(
it dissolves cartilage if used over years)

... ANDRE MALRAUX Widower with 2 brothers slain in this 2nd great War just ended
1939-1945... knows nothing of
the slaying in FRANCE of the children of GROTE HOMES
in spite of an urgent communication from EGYPT to him as Minister of Information that short
Government

...

It said they Egypt had

their GROTE CHILDREN SLAIN BY THE BRITISH

...& THEY HAD HEARD THIS HAD HAPPENED TO THE GROTE HOMES CHILDREN OF
FRANCE...

it was addressed to General de Gaulle his Ministry of Information...

SHIPS THAT PASS IN THE NIGHT...

...he would perhaps be able to protect us all-**

We need publicity OFFSHORE ! But polite people do not tell you what they think you know - especially when you are working for a General of France - in this matter it is General Charles de Gaulle-

1937 Summer - we go slowly by the ship architecture gloomy pine forest house in the big car from Harry at Thorpe-le-Soken... to visit JOHN CONSTABLE`s DEDHAM & we return late afternoon because Freddie must be at his *The Clacton Theatre* for the evening presentation - curtain going up 7 pm -

**A house rather spooky & I am glad to leave it far away ... I am glad to return with the others to the house on the corner with the garden where are growing things we can eat...`
& the nice parts that
Georges ANDRE MALRAUX wrote down Summer 1937 ...& is reading 1970 from these his notebooks recording all of that
Summer Holiday 1937...**

1946 January - I will see the Ship Ghost House looking the same...with the sinister

gloomy pine trees dense packed... *death could lurk in there for us ! I must*
be cheerful that he this tall spiritual but very clever young man wishes to chose a home
for a life with me-
I am told payment does not matter by Uncle Potter & we can easily pay-
he is seeing to it with my father...
That I am a pauper clings to me but I must allow the grown-ups manage this matter as
Convent School class have cheerfully sent me to find a home that
Georges-
Colonel Andre
likes ...

1946 January - I must go inside this spook house with Georges-ANDRE & Uncle Harry is
driving us there this school lunchtime. We are to look seriously at houses for us...
because the `early wedding`
is thought best by `young Paccelli`
& all the town especially the Convent class I am in...
The Class fear he may get CAUGHT BY A BIG GIRL...17 or 18 years
!
I am advised be delicate about choosing a home & allow him
THE MAN ABOUT THE HOUSE
his way
& I shall have a say
with everyone
in the furnishings
...& some old interesting pieces of furniture are to come to us...

The Convent School Class & the Nuns are looking forward to knowing the house we
choose - I am delicate towards him & about our life that will begin BECAUSE JO IS DEAD-

I know that Colonel ANDRE-George had married JO for life-

I am *will-o-the-whisp*the what should not have been...She whom the seas edges

But life is too horrible some hours of the day because of *SHEshe* Clytemnestra roaming about at night & coming into the young Nappers home Walton Road...trying to stop me having any food Mid-day dinner times...saying I am a nuisance to everyone & he Andre is an old man...`

Miss Winnie told me I was to come from Convent School and meet her in the Recreation Ground...

She Clytemnestra

with a horrible stare had a bag with a cream bun a cheese role & a bottle of lemonade (*all fattening I knew -school friends all War have much better food even with rationing !*)...

Foolishly a starving 13 years old nearly 14 years & engaged to marry...I took a drink & a bite on that bitter still winter day...& I went into terrible silver black tunnels in my head of
