

“ ...some Private Reports from the last years showed Angela & JIM-the Earls of Lindsay instructing law & medical authorities to free TGR- it was pleaded by them to the law & medical authorities that TGR was needed by her sons-

There was a note on files (1940/1941) examined 1943 that two years ago Angela & JIM Jong

(he now an Army Major working in the Palace where he had an apartment from the 1920s) were speaking in noble gatherings calling this young heir born

1933

being insane

& she was violent to her mother & others-

this was clearly untrue

~

JIM was known to be `on the PIN` always

...

Staff reported in the Palace some things missing-taken by him...he sold things abroad...`

He was often unbalanced-unpredictable...”

It was discovered 1939 by the RANSOM family that ALL POST/mail addressed to Miss Greta Ransom from CHRISTMAS 1933 WAS STOLEN IN THE NAME OF THE EARL OF LINDSAY & TAKEN TO Buckingham Palace where it was opened -

Documents correspondence being taken to Whitehall to Rooms set apart...THIS WAS NOT ALLOWED AT LAW...

WAR had begun September 1939-

It became alarming... many people connected to the family were missing...their properties sold on...this was often outside Great Britain & its Empire...`

This came to light in a frightening manner late 1940s/early 1950s

...

The Weddell families were disappearing in South America without trace...`

reports/

1943 **January** -the Authorities Law & Medical were ignored -

... it was arranged by the Earl of Lindsay, Mr JIM Jong & his friend Angela who telephoned the Worcester & Wiltshire authorities that TGR should be released to go & take care of her children...as HER MOTHER Mary Gordon WAS A DRUNK... Therefore this violent woman Teresa Gordon Ransom as requested by her noble friends walked free - they knew her daughter Greta was HEIR to Mrs Grote...the biggest philanthropic Estate running round the globe in nations not under the boot of the Imperial British Empire...

By February 1943 it was clearly seen that the noble friends gave TGR narcotics... & he Chief Medical Officer Retired-retired-come from retirement to help in the War - with experience of DOPE was quite certain it was this very dangerous dope known to Police as frog spawn- *Divinorum Salvia Scotland-* pellets were fitted in the nose cavity where they dissolved over 6 weeks or so- it went to the brain in 2 seconds & gave a sense of power - vigour

...

IT WAS ADDICTIVE !

1944 **3rd June-** Then the death of Mary Gordon-from poison-given a dose of narcotics at 11pm by her daughter TGR who then left her with her youngest child EGP- TGR denied she gave her mother dope & said `old girl took anything-drunk` She admitted to `perhaps she had given her mother medicine` -

Greta Ransom 11 years 3 months told a school friend & the friend`s mother how she heard her mother cursing to the stars in the back garden at midnight saying

“YOU WON`T SEE THE SUN RISE OLD GIRL...

I`ll give YOU interfere with my family- I will have them all in prison - in the bloody Lunatic asylum - my friends will see to that -

THIS MONEY IS OURS...`

Greta did not let her mother know she had heard her...

(G.R. report / She Clytemnestra had returned from a relative she said but I think she had been to London for she said something about the train... Granny Mary Gordon was just come out of hospital to Auntie Esther`s house ...)

“...Mary whom everybody knew a God fearing woman of great intelligence died at 2.30am on the bathroom floor-she did not cry out...” *Chief Medical officer retired-report-*

1944 - a soft June night the sky black the stars high specks of diamonds & pearls “ in that eternity the Universe where we will go when the ships are invented that will take us there...to these other worlds...”

asked not to print legal matters or medical matters on the death of Mary Gordon-**

IT WAS DECIDED THAT

Miss Winifred Mary Gordon would see to the entry of her sister TGR into the Hospital at Tendring Essex & they should be able to accept her in a month-arrangements would then be discussed by them where she should go for a long time -

... The du Cann mob were telling *Auntie Winifred* she was PORTIA & it is they stop TGR being given help in the Asylum...everyone knowing she is responsible for Mary Gordon's death...

1946/47 - Marital Court Records Clacton **were also TAKEN to the Vatican & showed the tragic times the families Gordon-Ransom had had to live in because of the greed of British Noble Imperialism-**

Great

Britain by her old friend Angela & Earls of Lindsay & Noble Britain & Scandinavia

-

She TGR would, the Court instructed September 1946, be placed in a Mental Hospital by her sister Miss Winifred Gordon-in charge of the arrangements...She should apply NOW to TENDRING HOSPITAL asking them to accept her sister-& give names of the Court officials as given to her to use...they would be available with the documents...

Family & other people now heard Win was keeping TGR out for CHRISTMAS...that the Hospitals agreed

...& then until after the wedding in April 1947...THE HOSPITALS HAD NO KNOWLEDGE OF THIS

...&

there may have been interference by du Cann & Angela again & EARLS OF LINDSAY claiming Teresa Gordon R as KIN !!!

NOBLE BRITAIN RULED O.K. !!! The Court had said the TENDRING Hospital would decide where she TGR should be transferred- it was a delicate situation & the Courts did not wish that her noble bastard sons & her families suffer her ***DOWNFALL...for she might have been HUNG !***

Miss Gordon RC `Child of Mary League` & ex-ATS...The Court of good Clacton & District
persons did not doubt the spinster would make
swift arrangements that Teresa Gordon R. her insane sister
who had killed their mother
