HARWELL VILLAGE FOR A THOUSAND YEARS `

published 1985 PJPW writes on HARWELL CHARTERS with advice from the brother of JENNY BRETT ... Dr Martin Brett Cambridge University , cousins... /
Oxford Libs./archives-

1969 Dec- ` PJPW has agreed to MALRAUX'S REQUEST

he come to speak to us & attempt to OPEN THE PAST but PJPW is not careful who hears of these visits-& MALRAUX cannot trust the man whose home he stays at overnights

I GR need my memory & ALL MY stolen POST/mail from 1933

- & it apparently has been considerable to Greta Ransom W. since November 1967

this is known after the writers are dead

- some far too early- 1980s ...

To have my lawful POST/mail will bring that understanding of the late 1950s to save us all - I CAN THEN BEGIN TO SAY WHAT IS NEEDED TO BE UNDERSTOOD BY SANE HUMAN-BEINGS ABOUT THIS HORRIBLE GENOCIDE & give warnings ! ... & if I am allowed my POST/mail then normality can gather -
& the photographs ~ documents- Deeds- properties- investments-vast lands-family records & memorabilia sent me & lawfully mine at 16,18, & 21 years of age will begin to

give me then a normal memory

-

Perhaps remove in some measure the crushing threats - insults- foul accusations of the criminally insane penniless

NOBLE BRITAIN...composed at the TOP

of Vagrants & Scavengers going round the globe using their KUDOS to empty banks etc in name of Greta & Len Ransom -

Margarethe Ransom Grote...RANSOM ESTATE IN 3 parts the

Globe-Reserves-islands-investments in ALL TRANSPORT since 1830s...

STOLEN BY THEM after killing the GROTE HOMES CHILDREN !

INVESTMENT : Arab Emirates/invitation to Margarethe RANSOM Grote early 20th Century

...

I need to speak with understanding of the horror of life given me since the end of the WAR- & in the wartime

-

the last of my grandparents Mary Gordon murdered because we were leaving summer 1944 for Southern Ireland & then ROME-

& my life is still receiving the attention of blood & gore soaked Nobles & their highly paid thugs including

JIM & LINDSAYbuggarhs &

Mengele

Harrington who helps organise the Teams of the State-Armed forces etc ...

1970 winter - **PJPW says `I think he has come to give you some dignity - I am touched by what he has gone through `**

understanding - but

I G R W am shocked by this

***hath* not words**

for explaining the physical attacks & madness I have had to live with going on about me since 1952 when I went to work for nearly 10-pounds a week at Colchester Castle Museum...`

PJPW continues `...

BUT...I am not prepared to challenge the British Imperial Fist -

it has been left for far too long- & I work for Government & Crown`

says PJPW *BMNH Ichthyology-*

(PJPW knows very little-& has been deceived since winter 1967/1968...by the old criminally insane noble GANG...)

1957 onwards - I Greta Ransom am called a pauper by creatures about us -powerful are Teresa Gordon R (& 1968 some around PJPW...all use HIGH DOPES...DECEIT IS HORRIFIC when it is unveiled 1980s-1990s !)

So How am I to tell of the parcel with an explosive to burn my eyes out that was intercepted-

the 4 abductions - & the records given to Detectives Colleagues Andre Malraux...much in copy kept by Arthur Malone & others - Many good people in local administration & law in secret silence begin helping we the victims saying

`but when IT HAS GONE SO HIGH...they have the Armed Forces & have not shown any remorse...the children are all dead...records hidden in the Admiralty are about...Jesus ~...wait until they go to Hell...`

& similar things -

1968-1980s - PJPW has *his class-* noble Gross Britain creeping in to the BMNH lure him to expensive places & not one of them is in the Sciences- all are layabouts with terrible private lives...

The Museum world is peopled by the intelligent & sane - they are worried about PJPW & the elders know many things in the South Kensington Albert-O-polis

1970 PJPW winter 3.30 am “ I want to read you some of my notes from talking with

him...sorry but I did not want you to hear all he had to say...

WELL - CLEARLY THEY HAVE GONE MAD UP THERE-

DOPE- GREED

- this Eldorado would solve all their pennilessness-they'd all got horrific debts by the 1920s...my father kept away from them because they were insolvent

(Sir Philip Henry Rathbone Whitehead)

1939...I recall one or two things a child hears...I lingered at the lunch table at `Whitecross` Wallingford to hear the grown-ups very sad talking of a great Estate to be broken up...I stayed because the elders the family were talking of GREENLAND & I liked Natural history already ...The Noble class brother Rowland goes into heard about it as kids - parents spoke...ELDORADO... it would solve their problems & they'd all be in the BIG TIME..."
