1937 autumn- mid-winter - GRUNTING as MALRAUX...

**After the happiness of Summer 1937 I did not stop the grunting learned from ANDRE
MALRAUX
until after Christmas 1937/38 but I was aware of this problem & tried to halt my speech &
think
`I must not grunt` ...
but it was a link with they-
Andre
Saint George
& JO -
I spoke in bed to the invisible bluebird that comes from Andre`s Water jar in Spain...
how he said we would keep in touch at bedtime so I would sleep
...
His blue-bird it takes messages between
*hee & mee...***

I was more anxious not to grunt at the Nuns at the Our Lady Convent of St Clare ... `Jerusalem` Deptford Park did not seem to notice it...but I missed some TEAS out with Esther newly married...

1937 `1937 CHRISTMAS came` **ANDRE MALRAUX** will recall to me in December 1957 at **St Edmund's House 50 Lancaster Gate Square** that he

hath

put away with care the card I chose for him & Jo with a happy red Puffer Train on the front 1937 -

How in the card is written for me

`if Jo did not want to marry him then I could marry him at 16 years-earlier we could marry- if we asked Granny Gordon's young friend at Rome

...

who I perhaps cannot remember the name of

`

of **POUL GRONLANDER**

ANDRE MALRAUX now becoming a Roman Emperor like figure to the age & to me when he sweeps in from **G A U L-** to St Edmund's House 50 Lancaster Gate Square- & I flee saying ` you can lock him that **ANDRE** in the cupboard - I will come down to your rooms if you are **George`**

1959 - **MALRAUX** - He laughs & says ` Little one...I have to frighten people in **GAUL** I have to be seen to be a **GREAT MAN** - **sometimes at a long-long table where they sit either side a someone at the head...**

IF I am lucky - there may be A MAN`

(He was actually describing a meeting at 9.30am Whitehall)

“...I arrive 10 minutes before time

...the dogs come in slowly one, two, then three...snuffle-there may be 2 or 3 dogs when I arrive- They shuffle their papers-peer-snuffle- others arrive-...it gets going...

if I am lucky-

there may be another **MAN...**”

There was much more to this description - but I do as Mr Poulter *Camulodunum Colonia Victricensis* advises...
“... keep out of modern matters in Britain & Gaul do not comment upon the newspapers, Child... Keep back in the 18th century-back a bit further or early 19th century - never ask a name ...”

I did not ever hear a name from my hero Andre-George & I keep him dwelling with my Soul in the Ancient Worlds. `Mast
er Atreus Father of our House- Master Mausolos-
Seti I-`
...
& I may have advised him never to give me a name for HWP warns against my stepping into his POLITICS world.

... I pat his forehead with lavender water...its from Bulgaria... they grew too much...its scent lasts over 3 decades ...I found a hankie in a little purse of 1959... here in GAUL the scent arose in 1990s...

ANDRE MALRAUX of GAUL...*called George again by me...sat down crash thump on the stairs of 50 Lancaster Gate Square & howled & rocked himself & howled again with laughter* *looking into my face*
with those lovely eyes of his sometimes hazel & can flash deep grass green tipped with frost early morning...
I kept my dignity & said I would go to my room-change my jumper-wash my hands brush my hair...LATER he explained
