

1937 summer/1960 January - MALRAUX Minister -

“ You would have been able to give him, *in 1937* , Mr Poulter Colchester Museums full details of the RANSOM families...& some Homes for orphans about the world & Aunt Margaret he & a man you called dear Thomas...others TIGGY...You could have spoken of your grandparents & of islands...an island in the snow & that your Tour last year was true... you would, I am certain, have wanted to correct my failure to believe you... Your family Ransom were away & I had not taken up your offer to telephone for an appointment to Aunt girl-of-the-snows to telephone us back...

You said it might have been a day or even four days before we heard she would talk with us...she was often away but there were telephone numbers & people who might arrange for us to speak with her...*As you did quite often*... She had to live a quiet life as she had much to do looking after things for Thomas.`

But I felt you dreamed as I did when I was a child... ALAS ! ...

I fear we have been living in FOUL WINTER since we came for that perfect holiday & met you... by the seashores at Clacton...`

(1960 January near Midnight...ANDRE MALRAUX means Greta Ransom to understand she had no memory of Ransom relatives after WAR 1939 came & they all went away to fight for the British Nation & that the things she said to him early summer June 1945 were suddenly lost in her memory again...

for she was threatened not to speak to he or Mr Winnlemann about such matters...)

1937 summer had we called on him : **He would have got more information swiftly-known the entire matter-he would have telephoned-spoken with friends who had lived as he about the globe- spoken in this vein :** **Called on me young man been in SPAIN...**

1960 January - Andre Malraux - Night Watch **continues...**

“ 1951...when you came from the College on North Hill to ask for a job at the Castle Museum he would have immediately known who you were - had we all met with Mr Poulter that afternoon 1937...

done as the NOTICE said & called at Hollytrees Museum -

He Mr Poulter has said that in 1951 you did not seem to know if you had any relatives **RANSOM**

-

He remembers this clearly, Mr Poulter ...

you came while in your last term at the NE Technical College on the North Hill & asked if there might be a JOB in the Museum...you told him where you were, what you had learned, & he commented on some of the teachers there...said he knew them...he had Supper with them when time...**BUT THE MUSEMS KEPT HIM BUSY 16 hours of the day ...**

Information Detectives & Andre Malraux/Colchester Museums staff & retired...

Nota bene: 1937 I Greta Ransom (*see photo of TEA party 1937*) would have said to Mr Poulter ` ... **we are 2nd**

not thinking at all that it was not so long ago for I feel hundreds & thousands of years old... ! FOR I HAVE TRAVELLED POLES NORD to SUD... I would not mind that ANDRE MALRAUX had said I dreamed & heard the grown-ups by sleeping with my bedroom door ajar... I would need to have the truth verified...HERE WAS SOMEONE WHO KNEW MY RANSOM NAME ! I would have

said there is a telephone number to speak to
