1945/46 - ANDRE MALRAUX WIDOWER enters, walks into great unease in Clacton & parts of Essex over matters to do with the Ransom children - they are bereft too early of all four grandparents & subjected to

1945 Summer - he MALRAUX Widower has no knowledge of the great Estate to which  
Greta is heir & he Guardian - he believes he is  
Guardian to Greta Ransom  
& he accepted early October 1937 in a letter received by Mary Gordon.  
A letter from Margaret GROTE October 1937 told him he would hear more.  
- 1945 People either think he knows or they do not know sufficiently of the Estate matters  
-

1960 late winter - MALRAUX will understand - “ **Greetha was threatened by Miss Win Gordon her aunt JUNE 1945,** she was NOT to tell me or the Winnclemanns about an Estate

...  
her Aunt said she believed it was not anything to do with her anymore or me as Guardian

...  
but Greta could think of me Andre Malraux as her GUARDIAN ANGEL ”  
(MALRAUX says the last in a dry manner)

“ Greta was just 12 years of age that March 1945 ... She Win Gordon ex-ATS played a trick on WINCLEMANN & I ... she said to us both separately that

**Greetha**

could not learn at school BECAUSE SHE PLAYED THESE GAMES ...

gatherings  
concerning many slayings

.  
Some important persons are in fright & horror as they learn of the vast numbers of the  
murdered children-murdered in their HOMES  
... but there are SPIES EVERYWHERE ... to report on DANGER TO THE IMPERIAL  
NOBLE CLASSES ...

1945 July - **Captain Frederick John RANSOM** who leaves Kenya by boat *smuggled aboard
