

**This little well educated girl 9 years old, had been found strangled near Colchester ,
Castle Hedingham where her family home is -**

**THE CHILD`s LANDS WERE IMMEDIATELY CLAIMED AS CROWN LANDS in
NEWFOUNDLAND ... there are lands in Yugoslavia, Canada too . Her mother & the child
she was expecting by her husband came to grief.**

Her husband & elder son had just been killed in the WAR ...

...

THE death of the mother & her daughter,
the child in Greta Ransom`s school class ...

**LEFT NO HEIRS TO THIS VALUABLE PROPERTY ...
THIS ESTATE IS OVERSEAS**

as the RANSOM lands & properties

...

`

` ... Colchester Museum seems to have the only RECORDS of the family at Castle Hedingham
... They say the family have been in ESSEX for 900 years ... Their MONUMENTS seem to
have disappeared ... We have heard that the COLCHESTER MUSEUM had DEMANDS a few
years ago TO HAND THE RECORDS OF THIS FAMILY`s EXISTENCE OVER TO THE
CROWN ...

... & that Colchester Museum were visited several times & threatened...when Miss Greta
Ransom worked for them the last years ... & there was an attempt to KIDNAP Miss Ransom
from the Museum 1954 ... but it was only stopped by

the Curators immediately telephoning to
important people in London & they spoke on the telephone immediately to the INTRUDERS
...
TOLD THESE NOBLE representatives of the CROWN to LEAVE the Museum & its staff alone !
...

`... One of the INTRUDERS was JIM JONG ... just knighted as Sir James & managing
WHITES CLUB for a living ... He is often seen
in photographs & News reels alongside the family of the last King just died ... & now his
daughter her family & relatives
...He , JIM , now Sir James , goes abroad with them ...

.... The Colchester Museum Staff have described the 4 men trying to REMOVE Miss Greta Ransom as THUGS with posh voices ... She was become 21 years of age 1954 & a Diplomat had visited the Curators from the Argentine to ask if she could take up her INHERITANCE

...
THE MATTER WAS PASSED IN A LETTER TO ANDRE MALRAUX ...The Diplomat is said to have tried top contact MALRAUX but could never see him in London or Paris ...
He , ANDRE, says now he never heard of it ...NO SUCH MATTER REACHED HIM ... & he certainly DID NOT SEND THE OFF-HAND REPLY received in official Argentine circles ...
no correspondence
from COLCHESTER MUSEUMS ...
& any one else
reached him !
...

... 1930s - Wartime 1940s ...` But this family, `UFF - MACDREW , they too had
interference by the Earl 's family...(*the future Earl Lindsay*
No 14) ... & the most
interference came from this
little fat man & his friend JIM
... they would be seen about the seaside & countryside ...
Mr Jong is half Chinese
& was DISMISSED by his well-off Chinese family, China,
for crimes of violence & robbery against them ...

his Grandfather would stand no more ...

You can talk to ex-Army Captain Patrick MacDrew,

a friend pre-war of the Gordon family & also of your friend Philip Silverlee ...

Philip giving some assistance to ANDRE MALRAUX ...`

has known ANGELA, the wife of this man, the new King,
since she was a school child of 12/13 years ...

JIM

has had a small apartment at the rear of the Palace since 1923

... In 1934 he, JIM & ANGELA,

gave Teresa Gordon Ransom a small apartment to share with another woman ...

they were TOLD to WAY LAY the elder brother-in-law of Angela

or the CLAIM

of indecency

by some of the LINDSAY gang that the old ESKIMO could NOT manage her Estate ...

or the young active family RANSOM

who are Margarethe Grote`s

close relatives, her nieces & nephews

... IN 1935 your mother & noble friends were told to SPREAD MISCHIEF about the
American woman friend of Ned ... to pull her down ...` in fact Teresa & a woman friend
are told to DESTROY the REPUTATION of the man they have known as NED since they
children ... THE ADVICE from JIM
is use DOPES & any tricks

...

IF THEY ARE ALL TO HAVE A SHARE OF THIS FORTUNE off-shore

!

... Ned is briefly King Edward VIII ...

... Your grandfather Frederick Charles RANSOM wrote & visited the Palace 1934 & objected to his daughter-in-law Teresa Gordon having USE of this flat/apartment ... **He says she was in need of medical care & her state of mind ... made her quite UNSUITABLE to engage in Family SQUABBLES amongst persons she had known as a child & in her young adult days ...**

... We know that she, calling herself Mrs Gordon-Gordon , continued to use the apartment & deceived her families ...

it was taken off her 1938

after ANGELA got GIVEN the WILL of Mrs Grote by Ambassador PHIPPS ...

THIS WILL in a sealed ENVELOPE addressed to ANDRE MALRAUX ...

enclosing a letter for him to hand to The President of FRANCE ...

from Margarethe Grote

...

it said why her Advisors & she had chosen him to be GUARDIAN to her world-wide ESTATE ... left to her niece & nephew,

& if they died,

&

other close members of her family RANSOM ... this was agreed with her husband Tiggy Grote`s family...

you can find it there

THE POINT IS THAT TWO EARLS OF LINDSAY ... old, brothers ... died 1939 & 1943 ... & THE EARL to be No 14 ... & his family ... KNEW THEY WOULD HAVE TO PAY DOUBLE DEATH DUTIES ... They needed A BIG SUM OF MONEY VERY FAST ... (*This FAMILY are known to have several violent & criminally insane members ... but they are Noble Lords ...*)
