“ 1971 - We read to ANDRE the Diaries of FJR late 1936 into spring 1937 of your life ... before
he, An
dre with &
JO,
arrived at the seaside SUMMER 1937 ...

**FJR his DIARY ENTRIES : “ He had to nail her to the door & force from her details of this
violence given his daughter, himself, his parents, his brother Len & many other relatives
& friends in Clacton & London ... since 1932 December ! ... He
had found his daughter Greta & even his tiny son John with beatings & burns spring
1937 ...**

**He now learned from her was made a SHE-DEVIL ... He made her tell for whom she did
this violence ... She now began to WHINE & whine like an animal caught in a trap ... she
whined & whined like something wild & horrible ...
Still he would not let her go**

...

Finally he said he would meet her with lead !

She knew he was a superb shot & she would have no chance & he would have a bullet in
her first !

She now said it was JIM & Angela & the LINDSAY Lords ... They all wanted SOME OF THIS MONEY HE HAD ... the old

ESKIMO had no right to it ... They & she, her friends, were British & it should be used to have their kind put back on top ... She was one of their kind !

They told her so !

He had tried telling her she had made a marriage of quality & if she behaved & stopped her violence

she could travel the world with he, his family, her children ...

` There was so much to do about the Estate

... & the Children in the HOMES & the tenants of every nation needed us calling, so many of them related through the centuries

Aunt Margarethe was not able to dash about the world as she used to but now went more slowly round the globe`

... SHE COULD NOT FATHOM WHAT HE SAID

!

None of them up there had much education after 10 years or so ...

(` ... then they began to SQUANDER MONEY ...

relying often on income from overseas cheap labour factories & squalid investments ...`

Greta Ransom

)

“

“ Her face, *Teresa Gordon R*, thrust forward & she jeered at him ...

In a loud voice `WHERE IS THIS MONEY THEN ... I do not get my share from you ! WE WANT TO KNOW...MY FRIENDS &

I ...

WE WANT A SHARE OF THIS MONEY !

... You are a nobody Fred Ransom ... an Ape & have made me have these children ...

”

“ HE, FJR, HAD SEARCHED & FOUND THE RIDING CROP ... the beatings she inflicted were severe ... done by a maniac ... he had taken one off her before ... He now knew why his mother the ballerina one afternoon after she had danced IBERIA had been beaten ... BUT SHE JEAN Weddell HAD NO MEMORY ... His daughter & son had no memory after they had been savaged ... they were left on a floor amongst coal & wood shavings ...HE WOULD NOT LET HER GO ... he threatened HER with hot coals ... if she would not say how this was done !

FJR - He was quite sure now how it was done ! **NARCOTICS ! Morphine ...God knows what else !** **SHE BEGAN TO CLAIM**

TO BE A SUPERIOR CREATURE

WITH THEM the Figures from a Morgue

(who had started this violent abuse against the Estate in the 1890s ...)

...

So they, Angela`s parents, had taught her witchcraft. Had her up there when she was 14 years of age !
1920 !

(FJR was only 9 years of age 1920 & had already travelled the world in the Estate boats & seaplanes with his families learning how to run the Estate)

(SHEshe Clytemnestra Mad mother Kali ... went on defiantly, foaming at the mouth, SPITTING as all the British Roaring 1920s used to do ...)
used this method in Scotland ...
beat a peasant who will not give you his land
... OLD PEOPLE had to be got off !
THEY HAD NO RIGHT TO LIFE !
The Nobility sent abroad the crop grown
in sheltered Glens to factories of serfs ...
they, foreigners, worked as they were told to do
... it brought in BIG MONEY for the right kind ! ...
“ They the Nobles

He said she kept on repeating `BIG MONEY ... that she, they... wanted BIG MONEY ! ... T he NARCOTIC she used ?
He did not yet know it was in this form ... pellets ... & inserted in the nose ... HITTING THE BRAIN IN 2 seconds ...
Its name Divinorum Salvia Scotland ... ”

“ So, FJR, he had learned ... WITCHCRAFT USED IT IN SCOTLAND

to get lands & moneys & Peasant` s savings... THEY WOULD NEVER KNOW - what happened to them ...they did not live long after this... Aunt Mag & Tiggy had learned about this dangerous crop the first two years they owned ARRAN, when she bought 98 acres & THEY THEN STOPPED THE GROWING OF THIS CROP ...

A nephew visiting said that Lake Tania was full of dead bodies these past 100 years

... he had been talking with people who knew of the terrible old days before Margarethe & Thomas bought it & used The Grange as a place to rest in from circumnavigating the globe every two years

FJR MARTYR - his diaries 1930s - before the ARRIVAL of ANDRE MALRAUX & Josette SUMMER 1937 ...

(MALRAUX met Teresa Gordon

December 1924 in France)

“ SHE, in arrogant voice WENT ON ...` that HER KIND HAD A RIGHT TO THRASH THEM ... TO TAKE THEIR ANGER OUT ON THEM !

God had sent them to work ! They were nothing but peasants ... nothing ... GOD had put them in that place !

They must do as they were told !` ...

DEMANDS FOR BIG MONEY came always ... he FJR let her think the child John Gordon WAS,

as she insisted,
a bastard
!

He knew he was not ...

he looked very like his great-grandfather John Ransom ... he had to hide the photographs of him now ...”

“ HE FJR her young husband FELT SHE WAS EITHER INTOXICATED or gone mad... SHE then ... `WAS A SHE DEVIL` ... she described herself so ... she had a name Grey Kiel,
&

Angela was a poisonous Swiss mountain flower ...

Angela`s father went out with them at night as a Wizard

, & her mother

sometimes

as a High Witch »

...

He went to Mary Gordon her mother ... 4-5 minutes walk away on the Skelmersdale Road
(

she widowed March 1937)

... She now told him the truth about Teresa`s early life ...

ANGELA & JIM came calling

Woodford Green ... on horses ...

where she`d eventually had her eldest son Arthur & wife three doors away until they had to move to Thorpe-le-Soken because of the trial & get Esther to a safe place ...

he

JIM -

VERMIN !

He

had learned before The Great War of her Irish cousins with money, fine places, & sometimes raised a few horses ...

JIM, he a bit of VERMIN

... & they had followed her to Ireland 1919 ... lead her into this witchcraft & had taken her up there ... to Angela`s parents big place

... She

Treasa

younger than them, had no sense

about it ...

THEY DID ... it got them money !

...

Her Catholic upbringing was of no use to her ... she told lies after meeting them ...she could not stop the lies &

making TROUBLE for her family when she had them near her ... Angela & JIM ...`

One night she was making my father sandwiches for the next day carefully cutting off the crusts ... then SHE WOULD ASK HIM FOR MONEY ! ... she threw the crusts in the fire ashes & on the floor... & he my Father, came in & caught her telling me that was my food ... I was feeling sick so she had
