1976 September & October -

ANDRE MALRAUX- his last visits to GRETA RANSOM -

September to be the last meeting, then October another surprise visit - notes/ tapes/

1976 September - **I recall the September evening 9.20 pm Harwell village, The Pillar House - A SURPRISE VISIT - A knock at the door & MALRAUX sweeps in - no warning to PJPW**

-

He has an overcoat on of very dark blue perhaps - not his usual romantic American wartime champagne coloured raincoat with epaulettes - a local taxi is outside but not from our village -

ANDRE knows many people who have carefully guarded him these last years on his frequent visits ...

1945/1947 ... we at School all loved him in the raincoat like Glenn Miller & the Americans in the 2nd World War newsreels - *Betty Kean gave him wolf-whistles & was corrected by the Irish teacher 18 years old with red hair -*

I
used to go weak at the knees & my head swim with delight at the sight of him & misery for he will,
it is said,
take the Robe as a Widower -
He someone solemn & holy & clever

...

1976 September - **His eyes are tired & much older, as I see him in the sitting-room The Pillar House, against the great white shutters the High Street side of the big room... but it is him & again I wilt but know I must be calm as a statue - a Caryatid on the Acropolis of Athens**

-

He asks me to look into his eyes ... before he begins to speak

“ ... try & remember - it is only something they have done to you & sometimes they did it to me - STOPPED LIFE !

We had a little Wedding - I was happy & I think so were you - we tried again & I was happy very happy Greeta Maureen & so I think were you

RECORD for JO & ANDRE SUMMER 1937

1976 September - ANDRE MALRAUX arrived unexpectedly in a taxi

... PJPW is very flustered - he was working at history of natural history papers on the dining-room table that evening - children in bed - a quiet comfortably warm September evening - Peter seats Andre Malraux in the small gold arm chair - I have never been able to see Malraux without preparation for his visit ...Orders are given by SCUM I am not to have a memory ...

But Georges-Andre MALRAUX rises saying `I wonder if I might sit on that William Morris sofa Peter - that Miss Rose Holder bought you when you came here - this chair is very nice but small -

& I am a big man ” - ***a tiny trace of a smile about his lips...he & I used to measure our height & I say to him when I have no shoes on*** ***grown...you are still growing young man*** ***Ah you have***

...
“ Perhaps I could sit next to
Greetah
... or do you prefer the way they say it nowadays ...
Greta
?
”

I was told to fetch some wine from the cellar & I brought it into the sitting-room - **I give him a glass of homemade wine - a dry one of white rose petals to try - & another of rhubarb -**

“ You made this *Greetah* ! ...it has a touch of ginger...am I right ? I am amazed - it is so clear ”

...

Victoria is got from her bed to play for him on the piano -

Peter must leave us -

Peter wishes him to hear her play

-

it is 9.30pm -

We had a little wedding - I was happy & I think so were you Greta Maureen - We tried again - & I was very, very happy & so were you”

“ I still cannot follow it - in some places ...There (*he pats my hands*) you must go on here-you

have Victoria & he the little one -little Peter to take care of

...

I must go to my tomb in Gaul

-

I went to see the REC - to the beach again - I always say it is the last visit - but I have to return

...

to happiness - One day they may let you remember - again - When we were a family & had a holiday ”

...

it was 1937 -

Victoria will at 13-14 years play a little Debussy very well/so sacred to he & I as much as Monteverdi . Does he recall the music of 1945-47 - yes - we have spoken all that 1957-1958 -

THE LIFE WE WERE DENIED IS HERE IN THIS DOCUMENT... ..a Reader will find we sometimes escaped from the bloody slayers of the GROTE HOMES children - into some winters to take some dawn & dusk walks

...

Andre Malraux & Greetha Ransom who meet July 1937 ...

in that little ancient homestead Old Road Clacton-on-sea just before the QUAKER enclave of white painted wooden buildings ... the old Quaker Minister drew a Congregation coming from afar ... & even London ... for his PREACHING once a month ... & some families had gone to sing at the Rutland Boughton Opera Season known to the Press as

The Poor Mans Opera

- **Heddle Nash & many fine singers sang for free & there was one performance by Paul ROBSON ...**

Report)
...

It was **Mengele** Harrington who was the Doctor who picked him up saying he had seen
him fall as he drove by in the blue car & said he was in a hurry to get to
London patients - left wrong phone
number Mayfair with a neighbour who was looking out of the window.../several reports
1968 & 1987/1988/

GRW K.C. - PJPW December 1987 could not drive back from OXFORD other than very slowly saying he felt faint, ill, he might have to pull up when we got to Steventon Village... That early evening he heard two identical reports on the collapse of GRW his young uncle February 1968 ... *HE KNEW WHO THE MURDERER WAS* ~

1987 December ... & Greta RW asked her memories upon his drive to Harwell said the same as PJPW had just heard . .. At Steventon he PJPW thought he was going to faint ... recovered & drove slowly on to The Pillar House Harwell ... He did NOT say WHAT HE HAD DISCOVERED ... He asked for a certain new address & telephone number when he reached home... & had to go out to a village house to get it ...

UPON 1968 early February - Greta RW could recall fine detail ... *because we had only just moved into The Pillar House that week ...* 19 years ago she had written PJPW a little note after a telephone call from a W. family member she had not yet met. It said Gilbert had collapsed & about a blue car & a doctor passing finding him & a neighbour at home recovering from illness sitting in the window seeing the car & the man in the garden of Mr Gilbert Whitehead`s house by the Thames ...`

1968 February - PJPW did not read the note because the telephone rang that evening as he stepped in the door from a working day BM Natural History ... He had put the note in his DAY Book at the Museum ... he found it there & read it 19 years later ...

“...& a doctor passing ... the neighbour said a blue car ... & the doctor had him the neighbour write down his Mayfair telephone number

...

but the Police found the telephone number was not correct ... ’

Later the Police said the Doctor may have gone abroad ...
