

**... Our Party/renaissance Evening/ is of about 60 people at this time after children had come to see the decorated rooms early evening then been returned to their baby-sitters...**

As the Harwell 5 Pubs

turned out many more Harwell villagers came in ..

**. Can we come in to see Pete`s drawings ... your decorations Greta... nice to see the old village doing things like the grandparents remember... when they were put into party frocks`**

**About 140 people came that evening - there were renaissance wines & foods of the 15<sup>th</sup> century ...**

It is amazing how many people ANDRE MALRAUX knows ... he still is the boy next door ... or from The Corner Shop ...

1950s onwards - **I am allowed NO MEMORY of my FIRST YEARS 1933-1940s ...I am told my father** (

**b 1911-d 1969)**

is adopted & his parents cleaned railway carriages ...

**SHE**

**Teresa Clytemnestra**

She has threatened me since 1953 with

Doc

*Mengele*

paedophile Royal Satrap HARRINGTON...

who calls himself MALRAUX`s Physician appointed by his family !

*She says Mengele can LOCK ME UP !*

My reasoning is that any HOUSEHOLD that lets *Mengele* paedophile IN THE DOOR is not a HOLY HOUSE ...  
& I do not wish to enter there !

1972 - at my created renaissance party, I ought to have recalled Margareth Girl of the SNOWS speaking to me of LIFE ON JACOPSHOLMEN Island *given for POUL GRONLANDER* , WES  
**T GREENLAND -**  
how her father found all the Greenland (*Eskimo*)  
ladies on the island were in the wintertime attired in long frocks trailing over the snows in the dark -

1820s-1870s WEST GREENLAND - They had made themselves copies of clothes in the famous paintings - the now famous PLAY Season had them at this ! Her father Fred Ransom  
*Greta*

*s grandpa twice back*  
was attending his Ox in its stall - his church bell - his winter duties harbour & workshops - his writings - his designs - his inventions - his printing Press - & all the matters of living the winter in the ARCTIC ... & his correspondence & his SHIPS

...  
They all lead very busy lives  
... & take  
the family ship Mary Rose or another to  
*this-or-that*

about the globe ... If the family ship then they took a half dozen old Greenlanders to SEE the big WORLD...

being very careful they did not catch any disease

...

1850s - FRED RANSOM - he is given a number descending from FRED RANSOM 1st because we start having Freds` & Johns` as sons when we hoist FLAG & sail under Queen Margareth of Denmark 13th century -

*She had a monopoly on GREENLAND Trade & lived to be 92 years old as our Granny Maggie RANSOM Carew Carew RANSOM does 16th-17th centuries .*

1840s - Aunt Mag`s father coming in for middle of the evening bowl of porridge time with daily orange ... ANNOUNCED as he came in to the great house ...

“ THIS WILL HAVE TO STOP - I CANNOT TELL WHO IS WHO in the dark - I CANNOT FIND MY OWN WIFE - THEY ARE ALL OUT IN THE SNOWS trailing from one home to another SHOWING OFF the fine stitching ...”

“... All dressed as paintings ... in organza & satin & damask & everything they put on my shopping list every time I leave harbour - I have just passed a Titian in gold cloth - a Van Eyck -

a Velasquez - a lady of Versailles - & WHO is that with the big picture hat & yards of ribbon under her chin ...”

... Father Ransom FRED, had seen this lady one night alone in the dark on her way to her in-laws home ... he said he had rubbed his eyes & thought of MIRAGE ... But then he did call the Island the top of Jacop`s ladder ... Heaven ... perhaps that was the explanation ...

FRED RANSOM announced further - “ I SHALL GO DOWN TO OUR FORESTS (*Brazil & Argentine*) G  
ET SOME WOOD  
& BUILD THEM A BIG  
SEWING ROOM  
...  
& he did ...

1890s/1900s...these RANSOM bought forests were returned as GIFTS ... **GIVEN BACK** freely in wonderful condition to the South American Nations he had bought them from ... & maintenance & tenants were provided for by GROTE BROKERS NEW YORK & ARGENTINE Ransom solicitors/
