“ Dear little Greetah we were just making the cake we always make for Christmas

...

I am writing another letter to your father for my father

...

who is unwell

...

but he will write some things himself

...

/ Sarah

”

23rd December 1939 these letters are delivered because a Skipper in a small boat stopped at the Island & gave the family Poulsen de SALLE old furs and oatmeal and took the letters - he did not know where he would be ordered so did not take the family - war has just begun ... :

~~~~~

**The 2 letters were posted in the SHETLANDS and arrived 2 weeks later to Clacton-on-Sea on the 23<sup>rd</sup> December 1939 : The letter to my father Warrant Officer FJR will tell of JIMMIE & thugs ordering this family of cousins OUT into the ARCTIC WINTER without stores and allowed to take no bedding ... Parents and 2 small sons died in 18 months**

...

**JIMMIE JONG James/Carew/O`Carroll etc ? / calling himself a British Army Major is seen on the Island 1941 : Events become utterly sordid and sadistic madness takes over**

...

**as known to happen in Aristocratic SCOTLAND**

...

**A Danish Yacht with criminally insane dope-soaked Aristocrats joins a persecution of the 2 girls left alive :**

Sarah who was 13 in 1939 is able to speak in 1958 to Dr John RAY Ransom USA citizen of the American State Department ... but her life is threatened as the RANSOM families lives are ...  
**NOTHING MUST BE SPOKEN ABOUT THE SLAYING of the GROTE HOMES CHILDREN :**

From the end of the 2<sup>nd</sup> World War British and Scandinavian Aristocrats & all Imperial creatures, aided by the British PRESS, have become DIVINITIES helping to make Gross Britain RICH

**I have used great letters and turquoise and blues to aid understanding of what it was like  
to be cast out of the big warm RANSOM 19<sup>th</sup> century house in the inner Arctic winter - by  
JIM Pimp now calling itself a Major of  
Buckingham Palace , coming  
ashore with 6-7 thugs in British Army tough clothes & ordering the family of 2 adults 4  
children under 13 years OUT into the cold & wiring up the house with explosives

(( ( JIMMIE JONG born 1898 is the criminal companion of Angela Bowes Lyon and my mother  
Teresa Gordon/ a superb horsewoman winning money at private Races from age 10 years  
old/ since 1917 : MEMO: Her respectable GORDON family had always tried  
to STOP this relationship with Angela and JIM - bo

:

1946-1980s - **NAVAL FIGURES/RECORDS** : ` ... he is not a Naval man but a **PLAYBOY** - takes the Estate moneys in arrogance for his expensive gambling and other pleasures

THE SLAYING of the GROTE HOMES CHILDREN has the British Navy never so disgraced since ALFRED FOUNDED IT 10

“ ... his Uncle gave permission to sail the ships in - and went ashore certain places around the world after the children were slain - he was portioning out RANSOM lands where the GROTE HOMES were built

FJR and others ... LIR and GR have also encountered personally this vulgar brash Viking type : not at all a Noble Greek as we learn of from history lessons ...
