-5<sup>th</sup>

centuries BC.

*... Here I lack, so far, Jutland names & places that were known to us - Dr JOHN RAY Ransom did speak them 1960 on NIGHTWATCH but alas they did not sound familiar ...*

RANSOM DRAMA &

DESTRUCTION history

*to less savage times ...*

Happily in 92 AD Gaius *Ransom* retires to Suffolk coast -

... 100 AD a son *or grandson* 22 years old has a narrow escape - arrived late November from Mediterranean Trading - pulled in for winter months at what will one day be called PORTSMOUTH Harbour - he knew he would not survive long with such rough primitive company in the other ships pulled up for the winter months ...

He gathered 5 ill treated Orphans shivering under a den of branches they had tried to construct in the earth bank -

He and two faithful men thus got a full crew in silence ...

and set out in the fierce winter Channel seas and arrived safely to DUNWICH Suffolk & the family home - The orphans grew up to become stout trustworthy companions & received SANCTUARY the homestead
