

1938 - Year the Presentation of young

RANSOM HEIRS - in training : **Greta Ransom 5 years old *born March 1933* and her co- & sub-heir , her uncle**

Len Immanuel Ransom, musician - artist - excellent professional FLYER, 17 years old *born October 1921*

-

We

HEIRS are in training under guidance of worldwide human beings and exceptionally balanced people called Educationalists ...

... We have our GROTE CHILDREN to look after and they are being educated so well that they are going to help us with their worldwide HOMES ... We young people have a lot to do FOR THE WORLD ... Our RANSOM & WEDDELL families, Brokers-Trustees-Solicitors New York & Argentina & worldwide are part of the education of the young HEIRS ... It is an advantage that our close relatives

RANSOM - WEDDELL/INCA - GRONLANDER/

Poulsen

and all branch lines are wholesome kindly and intelligent homesteaders -

all of them able to run the Estate of Philanthropy !

BUT - THE DANGEROUS MANIACS rear up on two legs about us from 1900s : *We have one family Maniac Teresa -*

she when age 7 years at a good London riding stables got noticed by older MANIACS - they kept up their

Noble appearances

by cold cunning murder violence & FRAUD using their kudos

to get BIG DOUGH ...

The Roaring 1920s is really "ROARING " in aristocrat Britain

=

they spill over into PARIS.

Teresa Elizabeth Gordon has an older friend ANGELA Bowes Lyon and she is attached to JIM Jong PIMP, her travelling companion =

they

have been joking since 1914

`that an old ESKIMO gave a big Estate to Angela as a child`

...

JIM PIMP is sent out of China early 1920s by a respectable family for his increasing embezzlement-violence-heavy drug taking-a homicide since his early teens and now out of control on his VISITS - His Chinese grandfather had apprenticed him to the important CHINESE OPERA, a 2 year Course PEKIN it was hoped might have him with adult responsibilities - They had to ask the British family of his father to help ... His mother and her sister are schooled in Europe - they are well-off young women - a British marriage was therefore possible ...

... Other MANIACS who eye RANSOM family with the great GROTE HOMES & Estate, are the most powerful G.B. & Scotland Premier EARLS of LINDSAY Crawford - **claiming the entire RANSOM GROTE Estate**

from
1879

-

**But become dangerous to us because they are able to insist
in secret silence**

to the Whitehall Centre of G.B. Government and House of Lords British Parliament,
that the ESTATE BELONGS TO THEM !

**Great Britain, as with Europe, has a money problem for the Upper Classes since the
1870s**

:

NB : ONE, only one, LINDSAY great-great-great grandmother LINDSAY is related to Greta
Ransom, via FROBISHER ... & therefore, *as is their custom*, ALL THE
ESTATE, **S**

**NEER LINDSAYBUGGARHS,
BELONGS TO THEM**

...

***They also do this in cunning sneaky fraudulent secret silence to many other distant kith
and kin***

...

**(GR
for her RANSOM families ...**

I

personally experienced their violence from 1933 ~ ...)

Dr John RAY **Ransom**/LIR/*diaries* : “ 1938 SUMMER

... Do you recall COCKLE SHELLS thrown at us ?

We had gone to Frinton-on-Sea to tea on the seafront - **we had family and some eminent persons with us ...** **but we were not all dressed up in expensive clothes and jewellery**

...

Mr JIM Jong & his crazy chum the heir to the Premier EARLS of LINDSAY Crawford No 12 & 13,
with some of their boon dope & liquor companions,
met us suddenly with pails of stinking ammunition - it was empty unwashed COCKLE SHELLS - they had to have stacked these up for sometime ... The attack was cunningly planned ...

”

“ Your father FREDERICK John RANSOM apologised to our party and with the approval of the Tea House leapt on a table and began a SERMON ...

He apologised for the TRIBAL WARFARE from the SCOTLAND Clan of LINDSAY Crawford ...
they were never without a WAR going on

-

they were now at War with PERU ...

& especially at War with the

I N C A he would explain a little more ... ”

“ You said that your father looked like CICERO - you had seen a drawing, a bust, of the Ancient Roman Orator - Can you recall how your father went on ... ”

“ Your father said the Scientist Guardian Rulers ... referred to in history as the Inca EMPEROR and his brother Huasca of PERU

...

they had been slain by the SPANISH in the 16

th

century

The brother HUASCA had a 5 years old son smuggled away on a hay cart ...

turned into a school-boy by kind Monks ...

then aided by JESUITS

... then the direct descendants came into Portugal for Jesuit education

...

... Because of the undisputable evidence of this HISTORY of PERU ... some SCOTLAND TRIBES , known to

be MANIACS for many centuries,

wished now in the 20

th

century to continue

for FUN ?

the slaughter of the INCA peoples of the SPANISH 16

th

century CONQUEST ...

It appeared to be without the permission of present day SPAIN

....

... But, the Ransom family, were informed that this WAR was applauded after closing hours down

The WHITEHALL centre of British Government ... and in great houses and marble halls in Britain and Scandinavia

...

& very much hard liquor was ON TAP to toast

this new unofficial WAR with PERU ... ”

F.J.R - “ ... two big TRIBES of PRIMITIVE OUTLOOK - with Fortresses in SCOTLAND ... had decided it was LUCRATIVE

to wipe out all the DESCENDANTS of Atahualpa & his brother ...

= ATAHUALPA & his family of 16th century PERU - Learned Rulers : Scientists, Astrophysics, Horticulture, peaceful

...

Referred to in History Books as the Emperor of the INCA and his brother ...

”

“ ... Two Tribes had got out of Scotland - they should never have been allowed to do so - kept behind a WALL

...

the LINDSAY Tribe were warring with another Tribe ... both claiming for themselves all the GROTE HOMES & RANSOM ESTATE ... its lands and investments and moneys around the EARTH ...

they wished to rob the greatest piece of PHILANTHROPY which linked all nations and brought peace ... ”

MEMO : because a Miss Millicent Frobisher at Saint Magnus the Martyr, the Seamans church, Thames River, site of Roman Londinium, married JOHN RANSOM 1883 - she unfortunate to have a Miss Lindsay for a mother ...

F..J. R - “ ... the ancient British Family of RANSOM & its James WEDDELL Mariner blood line were the legal owners of the Estate

-

Both these families were discovered by these two SCOTTISH TRIBES to be descended from the 16

th

century

INCA man of Peace and Scientific Learning ... ATAHUALPA & his brother HUASCAR ...

being their descendants from a 5 years old son schooled by Jesuits and from the late 17

th

century living in PORTUGAL

...

they were families of Peace and civilized learning before the SPANISH CONQUEST of the 16

th

century

... ”

` ... The descendants visited PERU 17th-18th-19th-20th centuries and were known to their INCA high intelligence peoples over those centuries ...

but they did not wish to proclaim themselves KINGS & QUEENS or EMPERORS as in Europe or Britain or Scandinavia

...

they helped with agriculture and education and Welfare in PERU, quietly and intelligently ...
and helped in all civilized activities where they could do so constructively

...

We and our INCA relatives were not at all interested in the ROLE of

`FIGURES from the

MORGUE

`

` ... These **PRIMITIVE SCOTTISH TRIBES** demonstrated their primitive greedy behaviour about the world ... and now they had recently acquired excessive **KUDOS** - they had gone to **SPAIN** last year and killed a young man of 22 years - boiled him in marmalade in a small factory run by the local people to give themselves employment - The **LINDSAY**,
claiming he and his family Weddell-RANSOM as cousins,
they had taken over a Family Estate - The Spanish Court this Summer had them **LEAVE** - but they continued to cause massive disruption and destruction to private property in **SPAIN**
- they insisted they would return and **CLAIM OWNERSHIP**
...
they would claim ownership for The British Government and the Crowns ... `

... ` The **LINDSAY** rarely progressed with civilized behaviour and learning beyond 10 years of age ... They were trained for violent robbery on the purple narcotic plant the leading Scottish and North of Enland families grew in sheltered Glens = **Divinorum Salvia Scotland**
=
all Noble families had their 10/12 years of age offspring
taught by Order of the Head of the **TRIBE**,
how to insert pellets fire-blown up their **SNOUTS** ...
& **MISRULE THE GLOBE** ... these are known as
`bad blood Scottish families` ...

he prefers black/white to colour photos, he says, at this time ...
