but 1939 when Germany asked for the Island in the River Elbe to be handed back
the Noble BRITISH & NORWEGIAN SCAVENGERS

tearing at the grave
ORWAY Royal figures were claiming that he ` HELIGOLAND RANSOM ` was a Norwegian
subject !
**It was barbarism to tear him from the grave because it had been internationally agreed to
leave him intact until methods of archaeology were improved**
... **Oh they should have anticipated this -**
would someone from the RANSOM FAMILIES please come over swiftly !
”

... NB : The island is NOT YET SIGNED OVER to GERMANY !

THE BRITISH GOVERNMENT & CROWN are still in possession of the Island ... (*read
Records in British-German history 1937/1939 ...*)
