1959 December - It is assumed 17<sup>th</sup> Dec 1959 that I understood Miss Teresa Butler daughter of my great-aunt Julia Williams (dead)  
*sister to my grandmother Mary Gordon*  
Butler family eldest girl -  
*whom I always call Aunt Terry .... The British wartime years she is in the Land Girls Army -*

... Malone Detective walked in to see her after I had left -□ he had `just learned of her existence from Harry`s wife `

Miss Butler said to Arthur Malone introducing himself as Andre MALRAUX`s detective -□ THE AWESOME WORDS of explanation- having him weak about the knees - staggering away to get Andre on the `hot line` -□ & contacts in London ... he did try tell me this January 1960 ...

... We now needed half a Regiment Red Indian to protect us ... We, RANSOM families, have one ... we have 3 Red Indian Brides 17<sup>th</sup> 18<sup>th</sup> centuries - and one Montreal 1109 AD when we go sailing with the VINLANDERS sometimes ... leaving our heimat on the East Coast of Britain ...

REPORT 1959 December : Teresa Mary Butler b 1899 Manchester : " 1933 March - when my niece

***etha-***

Greta WAS BORN THE OLD LADY MADE GRETA Maureen Frobisher Weddell Ransom her HEIR

-

She was a Miss Ransom-I think her name is Margaret-Margaretha-its all over there in the papers I have kept-□ She married a man who set up orphanages about the world-I forget his name-but he got the rich people in each nation involved-they agreed with his ideas & put money in at the beginning-they could see it was no brain-child idea but civilizing-the children would go out at 18 years and help others-they were not to be revolutionaries or leaders-only live a decent life-everything in these orphanages was good quality I have heard people say-so the children would expect this for others when they went out to what work they chose-they were not to be domestic servants & factory workers-this was

**made clear-they would help others to a decent life- I think they were Pacifists-**  
my brother John in Manchester & his family can tell you more-...

... 1933 I went up there to the island where she had lived ... but not all the time-she had to travel abroad-but they had come from Greenland & other countries of the world -  
I heard on the Island he had been murdered at the beginning of the century-there-by True Blues who objected-  
Mr Malone has been finding a lot of it in the papers I have kept but not had time to look at for a long while

-  
I spoke to my niece 1948 after we were told the marriage to Catholic Andre Malraux had collapsed-  
I felt she was taken in by her mother my cousin Teresa Gordon Ransom who had a friend called Angela who got a position by default-  
**I have kept a lot of papers-I did not know what was happening**

... I WROTE TO ANDRE & NEVER GOT A REPLY over near 20 YEARS-asking him to see me or telephone- I was discreet-we are a family of some standing in Manchester-some educated above the Convent schools-& with my cousin Mayor in Manchester-others of worth in the community-my elder brother University- I felt he had to know of us as Mary Gordon my aunt had praised him so highly 1939/40 when she came to her sisters in Manchester awhile-perhaps he felt I was a budding writer wanting to take his time..."

NOTEBOOKS Arthur Malone : **He Malone learned of her existence from Peggy Gordon wife of Harry that December 1959 when she & others were amazed at Harry's niece Greetha**  
**having to buy a caravan put it near them & her mother quite nasty- clearly mad harassing**

them & telling these horrible tales about

*Greetah*

& Andre & the Ransom families-& pulling down Harry's mother & her Irish baronetcy cousins...She recalled when

*Treasa*

& the noblemen on the seafront had jumped out on her before the War & called her names- She had given Harry back his engagement ring & gone away ...

Notebooks of Arthur Malone/*POLITAN (Tutor to the Medici children)* GOT ANDRE MALRAUX OVER TO BRITAIN FROM GAUL WITHIN HOURS ... he said `I have the explanation of all the brutality-murderous attacks-offensive words at you Andre- Miss Greta Ransom is an heir to the world- Arabian lands too...Greenland- Sea Traders from Viking times ...`

... Miss Butler Aunt Terry explained how she had tried tell her niece Greta just a half hour ago but she , her niece, seemed unable to follow her words - She now related to Arthur Malone the brutality to the 3 months old

Greta Ransom

& how a dog heard a noise under the floorboards of The Grange Arran- the men had to come from the boat to get the dog-they heard a tiny whimper-

The house was shut up the Nobles having departed 2 days previously- She had been assured nobody would come until November to check for winter-it was then June 1933 she thought -

the papers were all over in that pile & Arthur Malone was to go into them if he would like too

Aunt Terry Butler went up to the Island October 1933 & sat on the shores & it was mild

...

**`... She told how she got the confidence of the Police & local people- they had wanted to prosecute the lot of them-but the Earl of Lindsay- others who lived in the big houses of Arran - had told her 2 sisters**

**Misses Winifred & Bessie Butler-**

**& Miss Winnie Gordon their cousin who had received the first telephone message from the POLICE Scotland to her parents home-**

**that exposure of**

**this prank**

**would harm all the families-especially his LINDSAY family Premier Earls with their DUTIES protecting the CROWN- they who were to take care of the heiress this little mixed-blood child -see to her education of course-perhaps she could inherit-something-**

**(Winston Churchill kicked them out of G. B. 1920s for horrible murders-fraud Scotland-`they can barely read & write Earl Lindsay & his families` )**

**`... Miss Teresa Butler DID NOT KNOW her two sisters & Miss Win Gordon HAD NEVER TOLD the young father Fred Ransom of his newborn daughter's abduction & intended murder by these distant relatives Earls of Lindsay & Crawford who claimed the old lady's Estate because she was an Eskimo & an Ape of South America - He poor young clever man learned it years on ...`**

**` WAR 1939 HAD INTERVENED ... .. This was the trouble-there were no connections post or telephone because of the War - & the woman Angela had been heard to hurl in her drink that the Estate belonged to her daughters -**

They gathered, her families, from insults that the failing British Empire would not allow an Eskimo & the father's mother's branch of The INCA & South Americans to inherit anything about the world

...

` ... Miss Butler had found herself isolated after the War ended-she and her Manchester families were anxious to have ANDRE MALRAUX get in touch with them...a postcard had been answered by another person - Using Vatican sources they still did not get an answer ... a cousin on the Irish side was a DOMICAN Monk living in the VATICAN, a writer ... `young Pacelli` acquaintance of the RANSOM and IRISH families had become POPE PIUS so the exchange of POST/MAIL with him as pre-war was not enlightening ... he was a great admirer of the Orphanages ... he knew the Aunt of Greetah, the aunt of her father that is ... they were modern people ... `

` ... They asked in several ways, *her Elders in the families*, that he Andre come speak with them - some actors had tried-Charlie Bronson a Catholic family too came over in 1948-they had all known the old lady a Miss Margaret RANSOM before her marriage... In Manchester ...`

*lowly though they were cunningly made to feel ...*

as the great spending spree went on ... by TRUE BLUES & Angela and her Crowns ...` as soon as the terrible WAR the second such WAR had ended - she, Miss Butler felt it was a hoax ...`

` ...` She knew her Aunt Mary Gordon had tried help the woman ANGELA a terrible weight around her young family ... and a man called JIM Jong ... Angela after her Coronation would telephone Aunt Mary at lunchtimes and TAUNT HER about the inheritance of young *Greetah Ransom* - She insisted she had given all THE OLD ESKIMO ESTATE to her two daughters ... listening to

**ANGELA** you knew she was `in drink`

... and could be coarse ... vulgar ... with the small puppet man **JIM** you knew the pair were ruthless ... they came from terrible **TRIBES** ... Scotland ... they had earlier plagued the **GORDON** 6 young men and a sister trying to get hold of their ancestral **GORDON** lands ... they had other relatives who did not do well when noticed by this pair ... **Grantley Booth Kellow** ... she could not recall the others ... **GORDON** had land in New Zealand stolen -

*she did hear this from the family of Uncle George Gordon .[] []*

*a brother called **EDGAR GORDON** who worked for a **SACKVILLE** family member ...”*

...

` ... What intelligent people felt in the country was that a perfectly decent King had been driven overseas ... his **American wife**, intelligent, had no desire to be **Queen** ... she would have progressive things to do ... **IT WAS KNOWN NEITHER HE OR SHE INTENDED DEMOLISHING THE ORPHANAGES** around the world ... the high education given the children had them of use to the whole world ... not so an aristocrat nation that made the 1<sup>st</sup> World War with relatives **IMPERIAL** =[] they were all short of money and did nothing useful ... their education was woeful ... but they could insist that the **EMPIRE** would arise and that they **RULED THE SEAS** ... she sat amongst them, unknown because she was plain and liked books, and listened to their speaking ... they drank far too much and they took all the powders they could get from the **CHEMISTS** ...”

“ ... it was fraud, later developments had the families realise so ... her cousin **Teresa Gordon** had a troublesome older friend **ANGELA** and a half **CHINESE**, a **PIMP**, and they had persecuted the families both **RANSOM** and **GORDON** and those in Ireland ... **Miss Butler** had observed the `true blues` at **Cliveden (Astor country house)** & in **London pre-war ... they were penniless and outside the law** ...

Her aunt **Mary Gordon** had so praised this young Frenchman & writer just come from the terrible troubles of **SPAIN**...”
