**JEAN** 10 years old

-

our mother was a mystical figure sometimes-she would get up in the middle of the night and compose poems & music-I did not know then she'd always earned her living this way-she had eleven happy years as Mrs James Weddell II- & we'd many cousins from Daddy's brother John-he had 2 families-& that's how Cousin Clarke comes along (Clarke Gable) ...

We have 3 deck chairs we pay for & Freddie coming for a short time sits on the sand & so do I- making that sand banquet. Perhaps it is the next day when I have a *near tears* diologue with a man in a deck chair with a can of worms open & dying in the sun.

I said they might have souls !

But that is this medicine that Sheshe has left for me !

I was in *near tears* & had said to our hostess before we came to the beach that I DID NOT WANT A SPOON OF THAT MEDICINE !

That it made me see silver black tunnels in my head I felt sick & my brain turned inside out & went round & round-

She had said ‘Oh dear but you have to have it- Auntie Winnie gave it to me before she left- & we can get some more from Archie in Boots- *Greetha* I think you must take your medicine...”

So I had silver nasty black tunnels the first days of the Visit of ANDRE & JO- I felt sick & my body would not stay with my head-It is

ANDRE

who will stop her giving me this. He poured it down the sink because I was so frightened & red in the face! Then he went to ask Archie in Boots Chemists what it was. Archie said

*‘oh it doesn’t do much & a good diet is better...’*

All Medicine HAD BEEN DOPED by **SHEshe** & Mr Pong before they left ! **There was a second bottle left at Mary Gordon’s home-so**

**SHE**

**she**

**could blame my Granny if there was any blame for my death !**

*She* has all these noble invitations if she kills me !

I have SAID to ANDRE George the first day that I am to die in September- **SHEshe** says so- & I am to go & be buried with Teresa Carroll the

**Platonist-harmonist**

girl at Manchester but they cannot find a photo of her! She is Granny Gordon’s mother & she died very young !

All medicines were

stopped  
the next week by  
ANDRE MALRAUX  
& he saw the improvement in me in a day !

1937 summer- 1st day Andre-Jo visit : **Unity's mother said** "we have kept her off school two weeks because the little intellect is racing ahead & the Nuns may not be able to handle this- Her mother has gone off to the Celebrations in London & will not return until the autumn- Teresa did not go to The Abbey but she has invitations to everything else- they may take off in a Yacht-go anywhere-but we do not expect Teresa back until the end of the year-

**Greetha's father has had to go off to see to a job."**

If she knew where the RANSOM family had gone she would not want say & excite ANDRE -he might go back to SPAIN to help-& want some of our seaplanes & the others...

It is the rescue of our Murgatroyd cousin age 22 years of age alone in Spain...

His parents Missionaries all their working lives in Sudan-Ethiopia- for The London Missionary Society. If they are not on their Registers then they have been deliberately removed-& it is doubtful their birth-marriage-death certificates will be found-*Mengele* Harrington had a team of 4 at Somerset House 1950s

**WITHDRAWING**

evidence of the existence of persons who knew of GROTE HOMES- He jeered he had removed Greta Ransom's birth certificate- it now said "the illegitimate child of a Henry Harper"

-

Arthur Malone `the detective in the Lawyer's gown 2 years LAW studies before 2<sup>nd</sup>

W. War- well connected in London circles obtained evidence-given a shoe box of withdrawn documents-& his colleagues opened a pit of corruption-noble fraud & culling-1870s-20<sup>th</sup>

century-

Just before ANDRE & JO ARRIVED (days or hours) messages from Spain said `THE LINDSAYS HAVE TURNED UP & are claiming the Murgatroyd Estate they say Angela gave it to them in May in London & rudely say `yah booh`  
(Message will have come to Spanish Embassy for my Grandpa F.C. Ransom or by telegram to them for him-my father packed a haversack in minutes & was off train from Clacton railway station to Liverpool Street -launch & our planes somewhere ! )

Our 22 years old Cousin Murgatroyd stayed on that year running the little factory-farm-the small Estate- he was boiled in marmalade by the Earls of Lindsaybuggarhs & Crawford-

My father FJR discovering after dark now burns the farm down & burned the drunken 19 upstairs but the *big Lindsay-buggarhs* 4 or 5 were sleeping downstairs after the drinking & got away in a truck he did not see behind the shed-The launch & seaplanes were somewhere along the coast- other Ransoms went to help-I will not hear this awful tragic horror until October 1937 - We live in dangerous times because of the dope-fiend chums of Ange & Tree- I hear no more...

1937 October ANDRE & JO safely away I felt...NO-THEY HAVE BEEN SWEEPED INTO THE gigantic thundering obscene HELL of GREED-Poverty Nobles who kill for dough...

**BRITISH HIGH CLASS SIN** - November 1937-ANDRE MALRAUX & JOSETTE... for the rest of their lives their POST/
