

1937 SUMMER JO says she wants to return to Paris in time to see Jack Teagarden (hear the jazz group)

-by now I know that if Clara sees

JO & Andre

she is going to shoot both or just

JO

- Clara has been seen waving a gun & threatening this. I hear that

IN FRANCE

Clara could get away with it...In 1945 I will hear from Mr Professor Winnlemann that Clara was on cocaine/heroin when she was 12 years of age-/& more things-Hhmm...sounds very much 'Berlin-1900s style of life'...

Early the next week I tell him Saint George Andre he should marry JO soon & I hope they will come & live in the Orford house & if he misses his little girl in France then I could come & live with them & go to another Convent perhaps- until they have some children...I would have to come back each week or two weeks to Clacton to see

Daddy & Lennie

when he comes down from

Jerusalem

...I was not sure if I would go-but the thought of living in peace was dwelling more & more within my soul-

JO

had been told the first day not to upset him "not to row with him whatever she does & not to give him any unhappiness. The trouble is he cannot stop talking when he is with other people

-"..."

Harmony ruled & reigned in 4 days time- 5 weeks we

hath

had & now to Lincoln his mother's SEA lines-& a monument Lincoln to the Malraux line-

1976 September - was to be ANDRE MALRAUX's last visit...`I have put a book in Greetha's head Peter- when she reaches maturity-I must leave it to you- I think in about 20 years you could begin-I do not think they can keep me going much longer..."

Visit September evening 1976 to The Pillar House HARWELL...Victoria plays piano for him- Greta & George-Andre of The Wedding of Grace

by accident

given 3 minutes to speak-before we go to eternity & LIBRARIES UPON THE STARS...

1937 SUMMER We young people shall be driven all our lives by British Nobles & Crown violence into satisfying their OBSCENE GREED

...

JO dead 1944-

so the sordid obscene

BRITISH HIGH CLASS SIN

may go on killing

the Grote children in their HOMES

& grabbing this Estate of pure philanthropy

(administered New York-Argentine-A to Z the globe legal teams of the free nations)

-

It is necessary for them they are not stopped slaying for GREED-

SO THAT THEIR CLASS MAY WEAR BIG BOOTS ABOUT THE WORLD-

all cunningly planned as War strategy from 1938 & done under cover of 2

nd

World war...

Let us go back to happiness of we young people a unit-three four-sometimes 5 of us-a family -

ANDRE MALRAUX has spoken on that happiness that he & JO enjoyed-SUMMER 1937 throughout the decades ahead

-& he visit's the Clacton town & Holland-on-sea beach every 2 or 3 years for the rest of his life- by French helicopter or friends with little fast plane bring him safely from the evil about him...he vanishes-as he used to play Scarlet Pimpernel Britain & Gaul 1950s...

1960 diary- Dr Len I. Ransom THE HOLIDAY OF THE LAST FALL- Len was able to tell the boys from his diary October 1937 -

THE THINGS THEY DID THAT SUMMER 1937

-

when they were all so young...`how they laughed-they had never known their mother & father as young people-or Greetha...

now there had been planned a holiday August to Wales with Annie-& then another

place...I, Len would share the driving-Greetha was to come & Arthur Malone POLITAN...

That is 'the holiday of the Last Fall 1960'-

then at 21 & 18 years of age they are in a non-accident Mai 1961

1960/61 The World was waiting to demand

'where are the Grote children -*Mother England*-

where are all the seashores, Reserves, settlements-

The parts of this greatest piece of philanthropy the world has ever known -why are banks emptied from 1939-why records destroyed-robberies, murders, Post/mail taken;

Lies-lies-lies- As reported to you 1940/41 " the British Government has embarked upon FRAUD "

1937 SUMMER "They want to get JO out of Paris Freddie- Clara will kill her ! (they talk on-I recall hearing & solemnly telling Len & Jean ballerina his mother my grandmother for we have to help all good people&- try convert evil ones)-...

out East...he owes Clara money- her brother is in charge-he says he is owed it too-lots of interest...she is inclined to get too domineering & lead him on...it may not be as bad as they say she & Maurice...He sees she has all the money she asks for...

Josette keeps herself she has always earned money from her writing...

We will see if we can talk about it & help them...Clara has always upset him- living her has her own life sometimes...he is still very young-but clever...if he is left to do his work..."

(THUS WE WILL SIT ROUND THE KITCHEN TABLE WITH THEM FOR A TALK...on their future)

**There is a phrase I hath heard in these years-but think it refers to the bed linen-
'some women keep a dirty bed...'**

1953 December Colchester Castle- **Harold W. Poulter** “ **Its come back with Wheeler-Paris Child- all the top Diplomatic force-Vatican Corp as well know it- He’s been kept like this- ANDRE**

-our young hero....

Out East a clever woman can always find a wily Chinese to teach her how to keep hold of a man losing interest-especially a younger man- Now this is serious-Its been done to him since he went out EAST- He’s got to have help-you knew him as a Child-but we are not saying too much about that just now-BECAUSE OF YOUR AMNESIA- Oh young people often get it I’m told- They have got hold of his two sons by this other woman who died...they should be over here at school with the sons of his intellectual equals- *Ampleforth*

is spoken of-we

hath

had a word with a word with Master Greene...(scribbles in Castle dark winter days-a book called Brighton Book-Mr Poulter says Graham Greene travels with a suitcase of Seaside pink rock for every pretty girl-throw it in the bin Child..I’ll have him on the carpet in Hollytrees Study ...!

I am well chaperoned-one young suitor will come from Vinci- PJPW had a word with him 1970s -he had risen to the top of the Engineering Department Italy...but his mother had been helped by Margarethe Grote...we did not grasp this until 1960s- he lived ! His mother we think knew of the slaying of the Grote Children Italy-she raised her son herself & put him late 20s into College...We hear his mother had worshipped Margaretha Grote who gave her a position of dignity...

IN 1954 I had no idea-he had a little English & French -

Poulter spoke with him-`

had a hard time he & his mother...but now got this chance...I gave him some advice...he’s about 29 years old...` HWP

Mr Poulter went on this freezing winter day-unheated Castle Museum...` HE Andre-young Emperor is CRÈME DE LA CRÈME Child- you cannot go any higher- intellectually.

He’s a good heart Andre-still a young man-its rare to get two birds like you two together-you dovetail together-you will keep one another safe...it’s a harsh world...` HWP Colchester Castle-

Go & see where he is living. I have been up. A nice place young staff

all R.Cs. He can’t work with this going on- what has come back from Paris...that is why he has FLED TO ENGLAND -Hamlet & all that- Child- Nice place-young RC staff-its up in

Lancaster Gate Gardens by the Park...

The abode in Paris has a peculiar Doctor going in & out-generally disapproved of by the Medical World we have heard-without wanting to fall foul of the LIBEL laws people have opened up a lot on this...The Place is unhealthy for young boys who are not *so as to speak* born the right side of the blanket...

This Cat (Clara) the first one is older than him & should have known better about that Temple & Tomb robbing OUT EAST- she comes from a higher class-should have known better-not let him do it- Wooley UR (Sir Leonard Wooley archaeologist) forgave him after waving a gun about Paris... THAT OLD WINNCLEMANN is very highly thought of in Medical circles- they'd send a chauffeured car for him from London- he could have told us a lot that has been going on...he died about 2 years ago ...”

stroying his health-
we learn this
1957

1960/61
it was believed there was evidence- Doctor Harrington
Mengele
destroys the health of older men- that he took commissions-received payments- It is

Mengele
Harrington &
he is responsible for killing your father- he was not to go to hospital but for a check-up

with his Surgeon-

madness was allowed to go on-

because of his high noble connections-his social life in this country & abroad with noble figures...

Nothing can be done-it has all been cleverly covered up

...Graham Greene has died-I am sorry...

Lennie says` **Well-they are MISTY when we get back to Old Silver Goblet 7the century-they may have had to carry an Axe to defend themselves from**

monsters of the deep

-as we should- Aunt Mag thinks it's a Chalice with its big R on the side-

Yes it may have become so-but Lennie & I think he drank his good Ale in it when it was new & he was of two faiths ...well preferring to be a Christian of course because the Church was nice & solid & warm in winter & at Christmas-but liking to drink a toast on Valhalla day too-& another quaff on Woden's Day

**Harrington a filthy insane insect-paedophile-criminal-sadistic murderer- to get himself a
Peerage we begin to here 1958...**

Dr Len Immanuel RANSOM says "I would like to put *Mengele* Harrington in a metal chair
& lower him into a furnace

**calling to him he is GOING TO HELL -he has killed my wife my daughter my brothers our
sons- When he came out of the Prison & the Asylum before 1938 it was found he had
been with a Witch Cult of Saint Michael in France on the Continent- He may have begun
his role of extreme evil they felt 1930s 'acting Saint
Michael Falling & Saint Michael Fallen-he has been encouraged by them !**

**He has harmed ANDRE's health & a number of other men by getting in their kitchens
their bathrooms & even syringing poisons into things mixing in powders as he was
doing to you & Andre at Lancaster Gate Square- in that holy**

Catholic house...I came in to try & help-

nob

ody KNEW THAT ANDRE HAD

NEVER

GOT THE WILL !

**`It was like a brush-off for us-my brother your father attacked after the meeting October
1957- ANDRE coming to call at last-all those years no post-no telephone calls...Ivy could
only protect her brothers-**

...but the monsters had got the upper hand...destroyed the death pits-poured acid

yet still our children are found...

shaft sunk for a new building !

A net full of children offshore

here-there.....

We- (RANSOM family lines) & Andre-*some advice from his General-* set about securing what was left of the vast philanthropy that these Crows-scavengers- had eaten into-their foul mouths were everywhere

-

ANDRE & his General were going to write about it-

they had begun-after the retirement-□ We were all helping-my latest book is

out-hidden-we only hope it survives now two of my brothers are dead-its murder...John

went up to Montrose our Farm only to pass over the doorstep-then he was due back USA

a job with the State-Senate work...

Dr LEN I. RANSOM is Greetah's heir- & co-heir- in this the globe's biggest Estate 19th/20th century-

All RANSOMS are heirs after us

-

ANDRE MALRAUX the chosen Guardian-he has accepted again -

LIR **"My brother FJR- who never recovered when he returned to Europe & knew where to find the GROTE CHILDREN...in France too-the sight of them in the death pits-what**

found out about those dumped at sea & were going to tell

ANDRE

-that is what the meeting was about December 1946...but

calling me Cousin Len announced that Angela & his father insisted he take my role- he

was sent into Canada by his father (Earl no. 14) & this woman who began it ordering the GROTE HOMES emptied 1938 when she stole the Will - my Cousin Lindsay wrecked it all-& went as mad as them & his father & JIM Mr Pong-they protected by a Class who had stolen our Post since you were born... Margarethe's father started the first railway in Canada with friends-that little railway- (1830s) We had always investment in everything there- then LINDSAY got it changed to their names !

Angela gave it to them ! So they paid her bills ! They got hold of our airline-Turkey...N
obody was getting any POST/mail-
I feel ill with it all-my son-my children-murdered by them-as Ivy's son..."

We were always told General de Gaulle told ANDRE what to do over the Guardianship...**These messages-telegrams-written sometimes were false- Fraud-**
as began to happen to Malone & colleagues 1960 when they were told Malraux & de Gaulle were `considering` the Will-the 3 Wills...

I feel ill with it all-my son 12 years...my daughter-my wife...All the Weddell families missing in South America-I have spoken with the man who saved our lives Rio- he found he had been watching them disappear...

I had to flee 1957 from the house-Jimmie came to know it had been me under another name
(1957 autumn 50 Lancaster Gate Square)

Mengele Harrington-theft-doping people-killing by harming the health of so many good people who knew what was happening- I do not accept all of them could not stop this criminal behaviour after reading the Raffles books !

1960 -We found Mengele Harrington was harming many people for money-a lot of money came to him- He received invitations to join in the play of evil men & women- Sadistic violence & madness of Great Britain & Scandinavia- spreading around the globe because they had been told to help themselves after the killing of Aunt Margarethe- I must go & pray at my parents graves- Mengele is seeking them to tear them up & burn their bodies-he is insane about DNA proving identity & is removing bones

.....& putting other bodies in place- '

Poisoned-murdered by three of them- 1938 end of summer as she left our little Old Road house Clacton-on-sea to go back to Grandpa Frederick Charles at Deptford 'Jerusalem' & they were to go immediately off to France-Spain- to New York & the Argentine- She has relatives in many nations.□ My grandparents were to stay with relatives & visit our GROTE HOMES where they are visitors since their marriage 1909- are known & cherished by the children as their own family- Still dancing she was-we had to bury her-I had seen her do her 2 hours ballet workout every day that summer-

years old O'Neill boy with red gold hair & freckles-probably murdered by them after he opens a pig farm on Southend green fields-goes to Australia-disappears-
Margarethe gave him a Grant for when he is 18 years-he loved piggies & he talked about them that morning day of her birthday...

JONG slit a vein behind her ear-doped her first-tried say Greta did it with hair ornament-he got challenged-got offshore-

dirty talk is going

about about the families who are famous AT SEA all over the world

...`In this world his negotiations often descended into a world not quite of Mafia but verging on gangsters perhaps...difficult...I felt it was because it hit the very poor...but they were always kind & smiling especially in New York...We met the Ransom family-some Weddell too...round the world...they were quality-I was young & the world new-I an heiress-

My husband guided me-we valued our country home...I have been telling Len about his parents ...his father (FCR) so jolly so serious too...she a holy woman

(JWR)

& dour at first you felt-then I saw her dance...on tip toe she stood-she had children-& danced Giselle...

she was JAMES WEDDELL's grand-daughter

...but they'd suffered down there...Her mother was a holy woman too...both aesthetes (Olivea Minerva Hesketh Mrs James Weddell II)

...

THEN YOU HEARD HER MOTHER HIT THE KEYS IN NEW YORK...

she had written all these songs...& some hymns too...I was learning who the good people are...people should be serious & jolly...doing useful things...I hope my children keep our country home...

I don't want to think what might happen when I am with my husband...dead...in Heaven I hope...

to now change the order for the shopkeeper man who was helping his wife-

he had a fulltime job

...& he had got it out of the jar & was surprised perhaps at such a sale-his face at first uncertain as he looked at us-then with a glow-he was making money for his wife's shop-

We received it in a paper bag !

We turned up the sloping road by the Quaker enclave & went through the alley beside the allotments-over the Welsley road to the Railway Station then down the road before Annie & Bessie's Granville Road- no 10

We miss the centre town & arrive by the Walpole Towers & so to the Seafront-

Finding the beaches not full of holidaymakers

it may be a Friday or a Saturday & they depart & the new arrivals are not here

We did not need to go so far as Jo's Holland beach. We sat in the waves to eat the toffee breaking it was difficult-we were very sticky. After an hour of talking & sucking we were surprised how sticky we were. It was delicious.

At 5 o'clock we felt sick!

Home quickly to clean up but feeling unwell.

It was in our hair.

George-Andre- *hee panic thus* -& wondered if there was a clean shirt at home ! Some we wash-some go to the Clacton Laundry - It had a

verandah chalet house with strange tall

pink-mauve

flowers that

Lennie *says 'have come in with Overseas Trade-seeds caught in packing'*

Not sure of clean shirt ! So Andre-George washed himself in the sea wearing the shirt at first- then took it off- scrubbed it better & put it on again to dry on the way home. We made a cup of tea at home after we had got ourselves un-sticky washing everywhere- We felt a bit better. There was a clean shirt!

We will not do it again this holiday. **Half a bar or less was best.** At the Railway we were on time. **JO tall & beautiful in her clothes like Esther came down the platform swinging a tiny shiny shop bag on a cord on one finger- she looked happy & pleased with us-**

A present for ANDRE- **a tie- or a scarf- I am not sure this time.**

We did not tell her JO- of our toffee eating. **We were not too hungry for supper but say`th nought- Perhaps we were cured of very sweet things- He will make reference to these small matters in the decades ahead-** he the
