1962 IVY RANSOM March (I give her phrases from her bewilderment at my not knowing
anything) `It was a dirty nation at the very top & they kept
people about the globe so poorly educated-
*Thomas got his ideas-but Margarethe & her father had put a lot of money into the Poor-
she was only 15 when she set up the Home for the widows & orphans Dusseldorf-her
father helped of course-*

This violence & theft envy...the murders of the children in their HOMES had made him
your poor Dad- your Father- so ill in 1945- He would not tell his brothers & me his sister
at first- but then they learned of it- others knew-the dead children- Other nations were in
shock-there was no doubt WHICH NATION HAD DONE IT TO GET HOLD OF THE LANDS
THE MONEYS -to prop up its DECLINE-now its EMPIRE HAD
FALLEN- from their greed-
Everyone was waiting for
MALRAUX
-but he got a job in France- we never saw him-he did not call-
Your Dad says it was not his fault-messages were not from him...Your Detective has
been good-& his friends...`

1937 SUMMER ANDRE-George his green-hazel glints & illuminations in his eyes hold

does he make me think of the Greenland night-days with the lights ?

Again he is making notes of how people live-the organisation of towns-countryside-people’s happiness-children in schools

The STRUCTURE OF THE WORKING WEEK-

wages & what people spend on the household how they arrange the weekend-

There are vegetable patches-allotments & there is fishing in ponds & at SEA-small cars to maintain & bikes-small factories-Town Halls-Youth Clubs-musical activities-cinemas-choirs-Clubs of adults-Freddie’s theatre is not opened-we hear he is not well...

Records/ The Shrimp Pot factory/& many other accounts-his East Anglian life 1945/46-he still finds everywhere The Gospels Acted Out- except Teresa Gordon R. & her mutterings of “her kind”-

Mornings he may go & write in the Priests Library-a big room in Montfort Lodge-where the Housekeeper comes round twice with good SHERRY got in a Pipe via Portugal-the wartime- Here Andre hears old Missionary Priests Tales which outdo his own-Father X who got put in the African Pot for their supper-but they let him out-One young in China 1880s- They come for a Vacation by the Sea & are hale-90 years
something
old...

1945 autumn into winter - we go to the British Restaurant as Colonel ANDRE does not mind horsemeat-

it may not be

- & I have thick soup & sturdy Pudding only- Aunt Miss Win has given me the money to pay his meal- she & Mrs Winnleman are thanking him for his War Service
-& there are things I will not know until some months later-

Mrs Winnleman is making a paste to spread on toast from puff-balls-it is an old Austrian recipe-I have guarded a big one in the REC-& a Groundsman helps me-he knows she makes this paste-she is English so he trusts it ! It gives her something to offer at Teatime-she & Mr Winnleman were *imprisoned* on the Race Course at Epsom for the War-she had to insist he be given some writing paper. A NUT-a looney official Whitehall had all foreigners
put away!

1945 September ANDRE W/Andrew plays cricket- *but SHEshe whom he met December 1924 Deauville-Paris-* turned up & sat glaring at him-she looking like the Hangman's wife-so he had to stop playing after a bit-it was not his nerves it was just her face
glaring in full narcotic madness-
I saw it-
She pushed me...

Andre has refused her invitation to Escort her & her crowd

'dinner DANCE Dedham-Oh everybody goes Old boy...'

ANDREW-George Malraux **say'th`I AM A WIDOWER-Teresa-**

it is not yet a year since my chosen wife's death-`

SHEShe ordered me away from the Cricket Match hissing` You-you what are you doing here-You are not wanted ! My-my-my relatives are ashamed of YOU-you bloody bitch...Nobody wants YOUR FACE around OUR TOWN-get out get out...~I will have you sent to REFORM SCHOOL~ I can have him arrested ~`

SHE USES DOPES from LONDON TOWN-they give them to her-

I remember my feeling so crushed I was glad to go yet did not want to not see him-I look at him from a distance-he is so beautiful...

SHEshe tells me I am a pauper a nobody ugly with orange peel skin & I have rickets my eyes the colour of Thames mud (they are blue-pearl-turquoise)- She kicks my legs at the front saying
`Your bloody father gives me no money` I WANT MONEY YOU BITCH ~ you won't have Betty Grable legs-I me-me- I come first !
SHE TAKES DOPE !

Esther-Estelle kindly asked me later why I left -

Professor & Mrs Winnclemann heard from Colonel ANDRE that I had left the cricket match & they said I should have stayed to give him support-
"for you suit him Elsa & he is at peace with you-you are friends...~
Aunt Miss Win said
'well, he did not quite know what to do when you left-we think he wanted to have you see him play cricket- he did not really want to talk with your mother...'

OH HOW I DOTH SINK INTO ANCIENT STONES- Colonel ANDRE so beautiful & *I am already a forlorn weeping spirit in an ancient Place where I shall live my life & my thoughts dwell upon him-*

His stern face now his tall & bigger frame since 1937-here he *com`th* haunting these roads my walks the beaches-coming into the schools & I with red face had to hide my bow & arrows in June under the school hedge & walk back to the Winnlemanns with him & be a grown-up-& take a prepared tea- Richard Wagner music which I like-

The next day he say`th "I will meet you from school this afternoon-the place where you hide your bow & arrows..."

He emerges from Montfort Lodge the Priests House & I can only gaze from the other side of the road-not a greeting only the eyes meeting- (tape/accounts-`I SAW GEORGE`) it is far more than

APRIL LOVE

as in Arthur Hughes painting- I have

SHEshe

& she says I shall never get away-& she is going to lock me up- for she hisses

`YOU ARE MAD-like your bloody father`

I saw Auntie Esther later that week & ANDRE had called-she said *'we were making tea for the cricketers & those come to watch & you left...we would have liked your help`*

She said that now I am in the big school I should take my part in these activities of the town & the district-`

I have decided not to go back to the Pathfields school this Autumn Term but put myself in my Convent School where I attended first Autumn Term 1936 after the 8 months abroad- I began at The Pathfields September-

I just turned up at the Saint Clares` Convent opening of Term in October 1945-they welcomed me-Colonel Andre Malraux-George followed me-announcing he is Greta Ransom's Guardian for her Aunt & Grandmother Mary Gordon dead last year- Soon he was singing in the Nun's special Chapel-they adore him

-

He could not remember the name of the Aunt signing the letter October 1937

-
Margarethe Grote-the woman owning pure philanthropy A-Z the globe-

Mad Mother Kali-Clytemnestra-Teresa Gordon Old Mother Riley Ransom (names the schools call her)
does not want me to go back to Convent School- & I am not walking all that way to Pathfields across lonely farmlands anymore or going the longer route by those awful depressing streets full of empty houses-
the Lindsaybuggarhs put them around the Town in the 1920s so they could make quick profit /diaries-/records/

1945 AUTUMN- George-ANDRE *George* Widower Colonel Andre to the schools- He has all summer had the peaceful house of my Great-Aunts Bessie & Annie

Misses

Williams "Stella Maris" to call at write his notes etc-

They named it for Stella Maris Conder wife of Charles the artist from Australia-Annie did the gravestone & they told her when she was dying `we will never forget you`...She got burned at home-

ANDRE

George

has

the drawing room mornings or afternoons to himself with the gilded piano & a good table to write upon-

blessed peace.

He can go & find Annie in the kitchen perhaps & she usually has some drawing going on-her big wood spoons laid on the kitchen table as

The Cross

- she can tell him of The Art World Manchester Liverpool

1890s

onwards- My Great-Aunt Bessie whose girlhood bible was also Mrs Gaskell's

NORTH SOUTH

novel likes a hot Midday dinner & Annie Agnes Artist must create this too-from the rations-but there are plenty of vegetables to buy & she has a few in the garden -

but says Auntie Win `...sometimes they can only have vegetables & a piece of mousetrap cheese...`

Bessie dashes about on Church or Welfare matters-rushes up to London to see her old retired Priests in the Oblate Saint Charles-

at the back of Lancaster Gate Square !

Both of them are over 60 years & came

to live at Clacton 1923 when the building of this great Catholic Church began-completed
1929. ANDRE MALRAUX wanders in & out of the Church to see he is really seeing what
he sees- He cannot believe that anything so magnificent so
CLASSICAL is really to be found outside Rome-& the roof of black Brazilian wood is vast
-

he begins to sing here in June 1945-
in July he sang with the choir- & me too-
the 1610 MASS of Claudio Monteverdi for JOSETTE...
their sons...

At *Stella Maris* are the 12 Vols of Butler's SAINTS the months-

& all the old Gaelic Celtic ones & the young who travelled the East-as well as some rare
French ones. When we are engaged November 1946 I will set about finding names for
our 15 children in these volumes. G

George

Andre Malraux

one morning found some I had not got which he approved-he found another girl's name
beginning with an O. He looks at me with solemn eyes when I say we will have 15
children- I say "well at school they used to say I have not to worry about the money..."

All Miss Win said is 'you two will have to open an Orphanage-all these names'- she did
not hand

ANDRE

MALRAUX

her Courtesy Copy the Will she has had since January 1938- making him

GUARDIAN to

GROTE HOMES RANSOM ESTATE

&

the heirs Greta Ransom & Len Immanuel Ransom-until they are 25 years of age-

1944/45 Miss Winifred Gordon has heard some of the children have been massacred
from a woman whose husband a British Officer refused to kill them- a Lindsay
Major or Captain

had him shot the next morning!

His batman got the 2 letters out !

She briefly told me bits-something to do with the Father I cannot recall-

ANDRE & Greetah are in the most horrible danger because we do not know-& so are all the family because Miss Win does not hand him this Will ! Miss Winifred is in secrecy visited by her bastard nephew Edward du Cann born 1924-he has taken no notice of her ever & now sweeps in with `Aunt Winifred` ...he comes with a 2 man legal team-& wants half of the Inheritance-saying he has a superior education-& The British Crown & Government are collapsing the Estate-they cannot have this-private Empires ! All the money & investments are needed for BRITISH TRADE He is one of Teresa Gordon's bastards

-
&
is bragging January 1954 in front of Greta Ransom that he has been taking heroin for 11 years-his doctor approves-`it gives you zippy zing`
He began heroin at 17 years-
His uncle grows
Divinorum Salvia Scotland
in Scotland with 4 others-they break the law-export it to nations using slave labour & running sex-
it was also used in G.B. sex places London-WHITES CLUB-round the corner
- (The bastards only got life because Teresa's mother is a Roman Catholic-)

1970 ANDRE MALRAUX is explaining to Peter J.P. Whitehead The Pillar House Harwell-
that Miss Win threatened *Greetha* June 1945 that "SHE WAS NOT to say a word about the Estate-it would come from her Father to me
ANDRE MALRAUX

-
Greta confided to a teacher at school

-
the threat gave Teresa time to inflict memory loss very severe on *Greetah*.

However at this time Miss Win did not tell her sister that I MALRAUX was in the Town !

I did not meet her 1937 with JO-she was away with her cousins Manchester & Saint Anne beach-

Whether it was the force of Mr WINNCLEMANN
(a great humanist

) & her own relatives her brother Harry-people in the town public life-I do not know`

Mr WINNCLEMANN got from *Greetha* that summer 1945 that she was worried about the poisoning of her grandmother Mary Gordon- *it was known to the Hospital she was poisoned-*

she said her Aunt had told her not to speak of this-everybody was waiting for her father's return. But then Miss Win was angry & spoke of Captain Ransom having a good time in Africa-not bothering to return-
SHE HAD BEEN TOLD THIS
...we did not learn from whom !`

`It had been intended by JIM the others 1940 he die in the Philippines- the letters from cousins Poulsen De Salle arrived 2 days before XMAS 1939 saying what had been done to them by **JIM** in the Arctic winter !

This tragedy was read by my Catholic wife JO-just before her death- we will leave all that aside -
(he flips over his notebook pages...)

He was sent off about the New Year 1940 ! But he spoke Japanese & was of immense assistance to the Army...have you heard about the SWIM he did to speak with a Japanese General he had known as a child-*they may be related-I have to ask*- visits to his family islands at the tip of the Lusans- Pacific...far out-I have been...

He was able to delay the shelling of a hospital where they had put children & others infirm-I think you do not know enough Peter`
Andre Malraux
1970-
shorthand & notes...

My poor young father & his family Ransom are told Malraux has the Will & it is a matter for he & General de Gaulle...`
by noble mental savages`
somebody has called the prostitutes & Playboys top of the pyramid British upper-class...Crows from Scandinavia...

Miss Win has the bastard du Cann about her with a 2-man legal team 3 years- it is demanding half the Estate-because it has the superior education ! The family do not know of these visits until 1959 on. Of course her sister Teresa is informed-

ANDRE MALRAUX will say that he was only allowed 20 minutes in the Marital Court September 1946 to hear that my father WON custody the 3 children-He tried meet my father-was told he had left to go abroad
- (FJR is at the work of the GUARDIAN-Malraux)

& Andre heard Court decision that TREASA TO GET NO MONEY because of the horrible debts-the selling of books & furniture-Reports/citizens/ Hospital/Police/etc on her behaviour her absences & two children
Greta & Colin
seen at school with malnutrition & horrible blows to face & body- 1943 & 1944 she was put several times in Tendring Asylum Hospital-
Release in 2 or 4 days by telephone calls from London-a friend Angela The Palace
-
reason given `she is needed by her sons`
Miss Gordon requested to now put her in Asylum ! Make arrangements for the end of the month !

The same happened before the war- Teresa's friend Angela a noblewoman requested she be free when her Gordon family her husband tried get her treatment for narcotics alcohol & violence so extreme she was likely to kill adults or children- A 4 days son Frederick Ransom thrown in the fire was a hideous crime egged on by
JIM & Earl Lindsaybuggarhs
demanding 20,000 pound cheque from her husband FJR 1934-the baby had to be shot
-
No charges could be brought because of her noble bastards...
The drug known as
purple plum
was given her by the family of The Earls of LINDSAY Scotland
-
they had built
1910
a family Summer Place called The

GRAND

on Clacton seafront-it had a few months ago been condemned by the Council & was now pulled down

1946

-

There are photographs of it-

Teresa had grown up knowing the ennobled class since a small child-her mother Mary Gordon has 3 Southern Irish R.C. baronets-good families of profitable humanist occupations her cousins-

The British nobles were penniless & wild on dope & booze-

ANDRE MALRAUX relates how he & Mr WINNCLEMANN often wrote Greta's father but never got a reply-they had to rely on Miss Winifred for the address-she would say she would address the letter later when she had time to go to her address book. It was Miss Win who had allowed the du Cann family to sit in on Court Proceedings.

The bastard du Cann & his legal team were calling Miss Gordon PORTIA

...

They demanded she did not lock up Ed's mother Teresa Gordon Ransom- after the Court Cases were finished !

Aunt Win-Portia should keep her out for Christmas-After 6 months another Court Case would have been necessary to get the Order AGAIN-

Ed du Cann has a Law Degree Oxford-he & his Mates knew this scenario...

They should be axed at Martyrs Memorial Oxford ! On a sack of heroin !

They drip blood & gore moneys all their lives stolen by first murdering the GROTE

HOMES children & mature students with families- Killings in our vast RANSOM

WEDDELL family & branches- kith & kin -friends-settlers-round the globe continued into the 1980s !

She did not tell me Andre Malraux-she told Greta 2 hours before the ceremony ! Again she told Greta not to tell me *or I would think what a dreadful family`* she would say ` they had been delayed `
