

**THE 3 young HUMANISTS amongst The Gospels Acted Out...East Anglia...**

**1937 SUMMER-ANDRE- Josette & Greta-LIMPETS-**

I *doth* saye in my QUAKER speech....`It is a slip of a shop-thin- between the others-I like it very much in winter or on wet days-I get my best shoes there-but it makes me miserable on hot sunny days...George.... Well they are poor shops but very nice people -it is the older part of the town-before the Sea Front became fashionable- It is our road- the Ancient Way everyone says it was -down from GREAT CLACTON of The Doomsday books-Uncle Liam had the little one OUT in the Library-you don't touch it but turn the pages with gloves...not everyone does but this is best...I hear them say...

-This little poor shop ANDRE-George- it sells the shoes the women who gather shell fishes wear to walk on the mud flats- they have FEET 2 or 3 feet long  
(a joke)

....it is the only shop for miles and miles along the coasts...young Fred Daddy says...`

I am troubled that he *Georges* ANDRE does not see this little home of ours lit by candlelight-with our friends who come and speak upon the whole world upon ALL TIME-I would like to have him linger and light candles, we all prepare a supper on the great cooking range and the old tiny range the first ever made at Birmingham - see them lit up- I sense his misunderstandings of the HOURS OF THE DAY THE WEEK THE YEARS & THE CENTURIES

...`

*`yet he doth come our Way*

*...perhaps he has been too long amongst the bright lights...as they say...`*

In my mind as happy are these days as the child with these two so tall young people -golden silvery days they will feel even if the SEAS are wild with the wind & then the centuries they rise from the sunken ships & towns & villages gone for ever because of the coastal erosion... & there are happy times for our line that I know about from Ransom histories & many parts my bedtime stories... & even when all is greyness we have our little home & there is `Jerusalem` at Deptford with JEAN ballerina and all of them- This the WAY OF THE SEVEN CHURCHES TO THE SEAS & I share it all with Josette and he Saint George ANDRE this unexpected Summer Holiday- I am told by Lennie & the family it is called aesthetics to think so... Young Fred Daddy Ransom and I talk upon these things as we

*go`th*

a SUNDAY

*now-and-then*

to take me to our Church of Our Lady-that incredible piece of ROME architecture at the entrance to the Holland cliffs-

Earl Lindsaybuggarhs & their Evil Fairy (D. Lindsay who poured paraffin down the old lady to get her paintings-he uses too much purple dope say the others...)

*Mengele* Harrington with his female vampires was showing his Imperial authority but pretending to The Ghost House Team that he was physician for Malraux & only interested in keeping him & his moneys safe for his family... he was also holidaying with Clara as of old- he seemed to suddenly have a lot of DOUGH

The book of ARCHITECTURE was a 21<sup>st</sup> birthday gift 1954 from Brown rnr's mother-it had belonged to her dead son John... shot by British in Wales for flying on heroin-and bombing ships- killing 30 or more off Ipswich-he'd dumped his bombs at sea outside the harbour- *Things went dreadfully wrong with HILDA's two boys-she had not wanted to marry-she wanted to be a Nun-she liked Saint Hilda-Whitby...her grandfather was Bacon Shipbuilders but they ran down and produced second rate work...*

The Plans for the Our Lady Church Clacton-on-Sea were NOT in the book- I was amazed it was returned to me...

*Mengele* Doc paedophile sadist *Gollum* Harrington friend of the Crown & Noble Britain had decided to PULL DOWN THIS Catholic Church-

□

WHERE ANDRE MALRAUX & GRETA RANSOM took the Roman Catholic VOWS `early Wedding -Marriage of GRACE` 17 April 1947-

1960 March □ □ `THE PILGRIMAGE FROM ABROAD HAS STARTED` says Arthur Malone/Politan...`to see where you and ANDRE married`...we can't believe it either-□ the inside is magnificent- you feel you are in ROME...that altar... the stones of blues, indigo, gold were made in FRANCE...Andre says...a glassworks... the sweep of those steps... it cost a fortune...`

( 30-thousand pounds sterling & the widows & families did not mind at all... they had created beauty...)

1937 SUMMER....`I am not sure Andre-George if he wants to walk back the Old Road way  
and look... I felt from his face that he did

not understand our old little home  
- where he com`th upon

**HIS ARRIVAL**

-

JO was coming 2 hours later by train

-☐ This was where he picked me up from my brother John Gordon's cot-I had to have a  
sleep

-☐ *Monsters of the deep are gone to Scarlet Town for hi-jinks...*

I am safe until

*Stella the Stars*

Unity's mother comes-

*....I heard what they said as I looked at his moonlight colour face & the very bright eyes  
brown then green shooting stars & he had a much too tight grey woven raised weave  
jacket on- oh very tight as if he had collected his school jacket from home in a hurry-*

She said `we have had to keep her from school a fortnight-the little intellect is racing  
ahead of its time-the Nuns cannot cope-LOOK ANDRE-the little thing is already in its  
sub-conscious mind“

(they have all thisw Junk Fraud bunkum 1920s-30os☐ TALK)...` `` `` `She went on about  
Granny Gordon...☐ `Mary just widowed has her part of the time but she does need a rest  
now George has suddenly gone...Oh such nice people...part of the town...a  
loss...Freddie will tell you...`

I *Greetah* RANSOM see YOU- ANDRE MALRAUX- & you are a cine film a movie in my  
mind 2008 AD & I found you very pretty looking 1937 as I tell you 1957  
when the kissing began again ...

*...I do wish there was an invention to get this out of my head onto a DVD...hurry somebody & invent it...big eyes brown or green flashing very bright staring at me-& I rise & stand on my points looking at you...I have seen JEAN dance in her LANDS- she put one silver shoed foot on just her toes and stretched her other leg beside her ear...she is my Grandmother...Miss Auntie Winnie says I cannot call her JEAN but must call her `Nanny` as Mary Gordon is Granny...My father only 22 when I am born & he GROANS at this over refinement...but it is really because Miss Winifred is nagged & instructed by Mr Pong & some of the Lindsaybuggarhs Earls as to what I am to be told... SHE IS WARNED BY HER MOTHER & brother TO KEEP AWAY FROM THEM & DO NOT SPEAK WITH THEM ABOUT OUR LIVES... THEY Lindsaybuggarhs on the Sea Front in their Grand when they have the Bailiffs in there other lairs...*

DO NOT WANT ME TO KNOW HOW WONDERFUL HOW WORLDLY WELL KNOWN & PERFECT AT SO MANY THINGS IS MY FAMILY RANSOM WEDDELL of `Jerusalem`...

But then they sneer snigger at everyone and never pay their bills in Clacton-just say the EARL Lindsaybuggarh will pay later...he seldom does...They have pushed to his death the breadwinner of the young woman with 2 children- pushed her goodly husband out of the grains loft-he just asked they Lindsay Earls pay for the petrol they kept getting for 2 years from his one forecourt Pump...put in on the marshes for convenience...he sells grains & things to farmers... She took it over putting on trousers & we put in Capital to keep her going...we took a half...then immediately the War was over my father FJR gave her the moneys for free...to keep she & her children safe...she was able to go away & not work so harshly... RANSOM ARE HUMANISTS... So are George- ANDRE & JOSETTE MAL RAUX

LIMPET SHOES...It is in the Old Road Clacton-on-Sea this little slip of a shop with its Wares hanging up outside...& *sometimes the scent of a good dinner cooking in the back on a slow fire...* It is not far from our little house on the other side, past the Dr Barnardo's Orphanage where we have to put little John Gordon RANSOM *for SHEshe has taught him to growl at us & pull all tablecloths off tea tables*  
- the thin shop it is almost next to the hairdresser with the girl who gives me my hair shampoo-washing on Fridays in winter & keeps me with her family until my father comes

for me as

*Sheshe*

& Lindsaybuggarhs ordered petrol & brown

*vinigre*

to wash my hair & they hoped to blind me so I would not be able to sign documents for GROTE RANSOM Estate...

*They do these things in Scotland where they grow this dangerous narcotic and stick it up their snouts AND A RAGING BEAST IS IN THEIR BRAIN*

... Since I am 1 year old two of the girls who are at the old Quaker School had a care to me to help my young father ...& again when I went in my pram at 14 months...Our teacher was 81 years old and very learned- The girls are of families which go to the Rutland Boughton OPERA Season & some take part...

It is sneered at as `Poormans Glyndebourne` after the 2<sup>nd</sup>

World War...

*by those dripping blood & gore Grote Homes moneys...*

I take George- ANDRE to show *HEEE...* & now he is not so fussy about his name & people talking to him about SPAIN.

He has become

a young person of Clacton !

The LIMPITING shoes he wishes for are a bit like my Eskimo baby boots that

cousin Sarah

*Poulsen*

de SALLE

of Paris

sent me & which

*SHE*

*she*

Teresa Gordon R. threw on the fire- This solemn faced young man

ANDRE MALRAUX

a Catholic as I am...

*but also a Free-thinker like Great Aunt Annie artist her only brother John Carroll Williams*

...he is talking intently with the sparse small woman with gold-greying hair & another woman who came to buy them for her trade looking very much like the shop owner woman-

I Greta Ransom am alone & suddenly lost because no RANSOM family are with us... But I doth gaze upon the SCENE knowing it is of TIME & will not be the same again unless we

film it or take some photographs-but then only WE can say how this TIME was (*Lennie says I am speaking aesthetics & he thinks that all humanists do this...he too is learning especially when he flies our planes*)

...

*Saint George* ANDRE he is intent upon his conversation with them...*I do not exist...I know I am fragile but at 4 & a half years of age perhaps not able to comprehend the grown-ups are fragile too...*

especially in this JOYOUS VENTURE...which I have begun to tell to he but mostly to JOJo&Joh...

.

I see you

*Georgie*

-ANDRE bending swaying, examining the Wares...a white shirt no tie & dark grey trousers & you are so very & tall & slim as Fred Astaire...but like the marsh grasses isolated against the November frosts that lean aslant gracefully...YOU ARE VERY BEAUTIFUL...& your mind too...

*& I am suddenly a dumpy dwarf as SHEshe insists I will be if I live to be 17 years....she is not sure I can for I am born of Apes & Eskimos her Noble friends/fiends tell her so... Linsaybuggarhs & Angela...*

1937 SUMMER ...ANDRE MALRAUX looking so carefully at the shell fishes *collecting-shoes* hanging in a row downwards outside the shop...that I wondered if his eyesight was perfect... He bought a grey coloured pair about 20 inches long not the expensive ones for he will only use them here a little... but he will take them back to Normandy & show JOSETTE the seaside there & talk to her about his childhood some more

...

I said I would pay-but he said he would like to- we are very `butch` about these matters

...

*Andre-*

*Saint George*

*& I who discuss EMPIRES when we hath seen our dear JOJo&JOH a young lady she is*

...

*off to London town to research & see the great Museums & be free of bloody SPAIN*

*& matters about the Universe*

*...& THE S T A R S*

*for we will sit out late*

& she □ JO wish she com`th too because it is interesting...  
but we all going without enough sleep...`

1936 April - I have learned some ETIQUETTE FROM Paul Whiteman`s Establishment New York...when he waked us Lennie & me saying `Goodmorning Savages...I have opened your Bank & you may go shopping all over New York...the Manager Carnegie Hall will hand you a tub full (with 3 Senators USA he had kicked the British Ambassador & his evil staff up the `arse`...APRIL 1936...USA...)

1937 Summer -□ Next afternoon we JO & me-*Greetah*- watched ANDRE wade out to the groyne & begin to pick off the limpets-with a knife I think...

*I tell he & Jo of our shell gathering, fishing, and shrimping, in the right seasons-  
winter fishing*

...

...not about the accident-the first- *Sheshe & 'satin & lace' London Town, & the Lindsaybuggarhs & Mr Pong*

caused to Daddy & friends/ last winter...

1936/1937...

*accounts*-the worst being the intended night murder of them all -the SOS lights & the torches, with dud batteries- *but all had been OK when they began to pack the equipment from the Clacton-on-SEA Old Road house into the car to go to the Pier beach where our boat is...* Oh how they managed to save themselves from being dashed to pieces under the Pier where the Steamers come in- 2 young men bracing their feet against those great pilons that are the re-inforced columns under the Pier built by the Kingsman family...the other young man rowing like mad to get over that great inset BAY...to where they could just stand under the seas if the boat overturned...

WHY ? this is because we are Ransom-Weddell & we are keeping the GROTE Homes safe & Grote Brokers & all the Solicitors round the globe are stopping then Noble Penniless Imperial Britain taking any more moneys to pay their gambling & obscene lives- because they are Earls & FIGURES FROM A MORGUE.....

1937 Summer ... Upon the beach that first day -to become known as 'Jo's beach' We  
hath received the arrival  
of a sad wilting  
JO-so-tall  
Along the SEAS EDGE there was sent  
*HEEE raised by 3 Graces France*

“Andre do go & speak with her..” & to my surprise he went obediently as if he had just  
understood. Stella say'th to Freddie-theatre “ and I have told her not to upset him,  
Freddie- not to row with him whatever she does ! Not to give him any unhappiness !  
THE TROUBLE IS HE CANNOT STOP TALKING WHEN HE IS WITH OTHER PEOPLE

I Greetah guided by Lennie & my father FJR guides us both with firm speech...*know'th*  
signs of severe youth- a Grote child will tell you- I do look forward to going to school  
with them in Montevideo when I am 5 years.

*I am going to be told not to speak about my worries-*  
but

I can think about them- and I am hurting, my limbs my head-  
*my aesthetics...*

Unity's Mother goes on speaking rapidly with worried nods...

IN SPAIN- she (*Josette*) has had such scares with him- in Spain-every time there was  
the sound of gunshots- he would stride out to get a better look ! She said he does not  
seem to know how tall he is ! If this man had not dived at him and pulled him down

he'd have been killed !

*They had all known one another since kids in the Noble stables...messing Sunday afternoons...stuffing pellets from the bowls of purple PLUM Divinorum Salvia Scotland used by Elders for a hard ride... and the jockeys too...*

1946 ANDRE MALRAUX begins to help General de Gaulle-in French politics-

**G.B. Government/etc./noble thugs-trigger happy TRICKSTERS : HAD THEM BOTH UNDER CONSTANT OBSERVATION in case either should hear of the Guardianship to this Estate-now being abused-seashores gutted/ Properties lands in France too-investments-dead children Grote !**

Blackmail was openly added to what neither de Gaulle or Malraux knew about Grote- it was spotted early by Gross Britain nobles these were MEN THAT TOLD THE TRUTH ...& as both were Catholics the Noble Brits could compound some mischief over the permission by `young Paccelli` to the WEDDING OF THE GROTE RANSOM HEIR TO HER GUARDIAN ANDRE MALRAUX...Orders given ...none to know...KILL IF THEY COME TO KNOW

...*Say`th Gross Britain ...`we can have fun and make moneys this way...` Oh Sunday Games as of old when we were all 16 years to 24...before we had to think about a career... hee haw...hee haw...`*

The matter of the failed April `1947 early wedding` in the Church of Our Lady, Clacton-on-Sea permission `young Paccelli` Pope Pius 12- was well understood as the MISCHIEF of Ed du Cann bastard of Teresa Gordon & Angela and her men...

Miss Winifred Mary Gordon Child of Mary had been led to give Ed a bastard her first consideration...he informed her he had the better education in the family of her nieces and nephews...*She a lonely spinster whose three chances and 2 engagement rings had been trodden under foot pre-war by Lindsay Earls and JIM a perverted little half breed Racist...now fell to AFTER WAR NERVES...she could not think very clear*

...  
SHE DID NOT HAND TO ANDRE MALRAUX her courtesy copy THE WILL OF Margarethe Ransom Grote...  
because of hints from Ed that `it was not legal...Angela had said so...` & anyway her kids had been on the big spend & her in-laws of Scandinavia...  
Miss Winnie was persuaded to be PORTIA & not to tell the more educated members of her family  
...`OUR Bill Mayor of Manchester & all of them...`...

NEITHER De Gaulle or Malraux knew THE WEDDING OF GRACE 17 April 1947 was allowed by `young Paccelli` Pope Pius XII with his burden 1938-1947

of the slain GROTE HOMES CHILDREN  
a crime of foul greed done by ugliness of Noble Britain...  
The Pope he was assured by several persons including Professor Winnlemann that as he himself felt THIS WEDDING OF DELICACY & GRAVE ROMANTICISM by two young people

*WHO STEPPED INTO OTHER CENTURIES TO HAVE A CHAT`*  
(a letter from Professor W i n n c l e m a n n who possibly made a Vatican Visit February 1947)  
...Such an unlooked for solution...an ethereal Union of two Catholic raised young

persons who by their nature would GUARD  
THE GROTE RANSOM ESTATE  
...& this union would guard they

**There was also a Report from the Catholic School the Church that the girl *Greetha* Ransom had tried to help her very insane mother Teresa Gordon daughter of Mary Helena Carroll Williams Mrs George E. Gordon**

*an evil little Jack In The Box...*

were also messing about around her & all on HEROIN & now they have added LSD as well as the purple pellet up their SNOUTS...

Account/tape

*The Visit to the Seaside the country that wasn't-for St Andrew's Day/ Life of Andre Malraux & Greta Ransom ...Guardian & Heir...*

All wartime the Grote children & staff & others were being killed- revenge killings of madness to remove whole families Ransom Weddell and other lines has been going on- 1953 the electrocution of Len's 11 years old son- Many families- individuals distantly related with properties of their own were missing -no Weddells alive in South America by 1960 - accounts/records/

1962 MARCH- IVY RANSOM realised MALRAUX & de GAULLE HAD NEVER SEEN THE WILLS when they should have received them spring 1960- there had been messages supposed to be from them saying `matter under consideration` The Detectives had explained they could not risk their lives trying to get to them ...& ANDRE MALRAUX was under threat of death as her brother Dr John RAY Ransom found out Summer 1960 when he saved MALRAUX's life WITH THE VATICAN... IVY now explained what she had discovered from this unexpected visit from Greta March 1962 arranged by a Miss Rose Holder who worked all her life at The Main Post Office St Martins le Grande London

....

She IVY had 10 minutes alone with Greta before Fred came in-she IVY had just come in from work herself-they had taken a flat above an old shop in Deptford known in happier times to the family-her brother the eldest of them was in a break-down after all this THEFT FRAUD over the Estate of Aunt Margaret ~

*...Greta her niece whom she had not seen since a babe in a pram had NO IDEA of an inheritance- or an Aunt Margarethe- SHE HAD NO MEMORY OF BEFORE THE WAR- of Ivy's parents ! An interest in Greenland the girl had but no idea of an island in the snow... Greta said she had received no post/mail...but some had been spoken of by her mother & her Aunt Winnie...nothing more... The girl seemed to her fragile but strong inwardly perhaps...*

*She saw her for about 15 minutes no more*

...

Greta clearly had no idea that her brother Colin born 1938 had lived with Ivy 1949/1951...that she had put him in a London school & given him a proper home...then the mother had called for him back...

The Detective Malone now called immediately & told them some more---she Ivy & her eldest brother Fred Greta's father whom she gave a home to for he was ill from it all... & all his Argentine moneys had gone missing & they were told it was Property of the Crown England- you could not get anything in writing from them-

She had had them This Crown hanging about her after dark waving a halter... Mr Malone he had not known any of the families Gordon or Ransom before the War...Philip Silverlee had ...& his daughter at 28 years of age 1960 May had been murdered in this... it was clear where moneys were being directed ... it was spoken of in The City as FRAUD-THEFT...gigantic theft...a river of blood

...  
*but nothing had been done after the War...They were learning more...some Army Officers & others were helping find the criminals who had slain the children...that was there business & they had objected...& thank goodness for that...*

Immediately after Greta's visit she told her brother in the USA- he told the old Kennedy family members who had known Aunt Margaret & Thomas...**THE WILLS WERE NOW TAKEN DIRECT to General De GAULLE & ANDRE MALRAUX** who then began to read the **3 Wills/letters/diaries/** This was what had been sent to them just 2 years before by Arthur Malone & his Team...it had been **STOLEN FROM THE COURIER FROM General de Gaulle...** By the thieves of the moneys of the Estate...those who had had the children killed had **STOLEN THE PRIVATE PACKAGE SENT LAWFULLY to General de Gaulle & ANDRE MALRAUX...**you needed no more proof of who the criminals were...

**She was weary with it all...nobody told the truth... it was all done for 2 girls who had too many clothes...** They her families & Advisors had all had to have a long discussion...
