**COMMENCING in 1943 angry murmuring 1944/45 THE WAY GRETA & COLIN RANSOM
ARE BEING ABUSED & it is coming from on HIGH- their mother TGR insane on dope
goes up to back of Buckingham Palace parties Wartime...to her old noble friends & they
are coming down in big cars & meeting her in deserted parts of the town fringes... Many
streets are almost empty as people left the seaside when War began September 1939...It
was expected Hitler would arrive that coming winter... The Nobles who felt this could
happen had best silk swastikas black & red kept by the Chief Butler at `Cliveden`
(Clifton-on-high seas..) the Astor Place...Orders had been given `bring one case of
clothes when you hear he is OVER the Channel & he will be directed here for a
greeting...` (Are the
Nobles Pacifists now ?
Teresa G.R. has been told to bring Johnny Gordon R and in one of her flare-ups on her
DOPEs from SCARLET TOWN
she told Greta & Colin they were to be bayoneted by Germans...)**

Prof. & Mrs Winnlemann his Continental friends pre-war come to live in the town by the
Catholic Church & the Walpole Towers hotel...

He is surprised to learn that Mary Gordon is dead...

1945/46 He walks into some unease in Essex over matters to do with the Ransom children -they are bereft too early of grandparents & subjected to **VIOLENCE** by the mother & her noble friends...& some distant kith or kin....He does not hear any names...& he has no idea of the Ransom family they were away Summer 1937...he does not know they were in Spain... He hears a little about the mother needs hospital treatment for violence etc...
HE HAS KNOWN Teresa Gordon FOR 2 WEEKS IN FRANCE CHRISTMAS TIDE 1924/1925...

Summer 1945 he has no knowledge of the great Estate to which Greta is heir & he Guardian- people either think he knows or they do not know sufficient- he will understand 1960 that “ **Greet ha**

was threatened by Miss Win Gordon her aunt NOT to tell me about an Estate & her Aunt said she believed it was not anything to do with her anymore or me Andre Malraux...Greta was just 12 years of age that March 1945...”

The important matter he hears from many persons is that `Captain Ransom is due back very soon...`

The records we have all made show the life daily or monthly of this time the 2nd

World War having ended April 1945...

ANDRE MALRAUX com'th SUMMER 1945....HE HAS WALKED BACK INTO SUMMER 1937 EAST ANGLIA - WHERE HE FOUND THE GOSPELS ACTED OUT....

THE WIDOWER HAS WALKED BACK INTO WHAT HE DID NOT UNDERSTAND 1937 & WHICH HAS 1944 November CAUSED THE DEATH OF JOSETTE...

He is not told what people believe he knows ! NOBODY KNOWS THAT HIS POST/mail has been stolen from Dec. 1937 !

Very soon he is in the newspapers as assisting General de Gaulle... *It is believed from now on that naturally the matter of Greta's inheritance is for he & the General...*

ALSO IT IS ABOUT THAT THE GROTE HOMES ARE TO BE BLOWN UP OR BULLDOZED & no evidence is to exist about them....Shocking reports are in the shadows of the slayings of GROTE orphan children because they are educating to 18 years....Some numerous important persons are in fright & horror as they learn of the vast numbers of the murdered children-murdered in their HOMES...

Captain Frederick John RANSOM who leaves Kenya by boat July 1945 has just learned of the vast number of the HOMES where GENOCIDE (*as it is going to be called*) has happened...HE IS SHOCK & returns to find the Jim & Earls of Lindsay had his little family home `Jerusalem` Deptford by the little Park pulled down after he had left for the War...they had the JOISTS on the upper floor cut so the bedrooms fell below...

Pre-war 1938/1939 winter there were children murdered in a Norwegian Home & a Dutch one...both done by drowning the children in winter weather in the sea /records of horror exist/... Because this well planned slaughter has been done by British Nobles the matter is fast being hidden...it would ruin the Trade is the glib phrase of penniless aristocrats...

Miss Winifred Gordon also had this list hand-written by Aunt Magarethe **girl of the SNOWS...**

there were identical hand-written lists with others...

The couple & their children (Nobles of Gross Britain) are given NO PART OF THE ESTATE- nothing of the properties/Bank accounts/or Investments/overseas lands/or U.K. properties/

We hear 1947 one new member is heard Forecourt of Buckingham Palace drinking doping chortling & gaffing ` lets see how it works out ` **Does he not at his age know of the world concern over the theft of the Estate after the GROTE CHILDREN have been slain A-Z the globe under cover of the 2**

nd

World War...?

He is seen 1953 & 1954 taking a pellet of this dangerous narcotic from dirty JIM Cur James 1954...& tramping with Jim over Ransom lands & the two men both stuffed the pellet up their snout...

A RAGING BEAST now appears in the brain as the dope hits in 2 seconds...

THE USER HAS TO WIN...

1930s Lindsay victims on Clacton seafront...**young men with money in the Noble class...emaciated, yellowing & white translucent shades of skin...already booked for the graves...**

They had been robbed in their cheque books...given HIGH dopes...none lasted more than 2 years...

Their parents before the funeral would be told by Earl Lindsay & his mob...`you have raised your son so badly...we have tried help... do not appear at Court or at the Races...` & the Lindsay Mafia had lived on the moneys of the deceased... Perhaps there were young women too... I only recall the young men...I was not wisely told names...I recall an Al Quitley ...& a Browning who was said to have a chance to GET AWAY...A Duke of Spode & something... LINDSAY EARLS had to be supported in their role in life Premier Earls Scotland-Gross Britain- All their guests/ victims had a heroin problem-`Yah know`....

1970 ANDRE MALRAUX reads his notebooks in Winter at The Pillar House Harwell `Village of a 1,000 Years`

“ 1937 SUMMER- **THEY WERE AWAY** a piece of notoriety in London & robbery with violence in SPAIN...Josette & I were simply told by our hostess to keep away from where *they were known to come... Greetha was extremely worried for us too & would be quite firm about our* not going past the place...she had learned from Annie to refer to them as `MONSTERS FROM THE DEEP`... It was still there when I returned a Widower...after the War...May 1945...It was boarded up a dark gloomy place crushed between two big buildings a name GRAND- nothing else...soon it was gone...demolished...it had become a danger to the passer by on the pavement...`

` It was here, *Peter* , in East Anglia that SUMMER 1937 with these people... about this very pleasant small seaside town Clacton-on-Sea - its villages ancient towns I CAME TO REALISE WHAT I WANTED TO DO WITH MY LIFE.... We had come out of Spain...

I was now 35 years of age ”

Lies & cheating were used to take the child on the 14/15th

May 1938.

Jimmie Jong James put Greta to sleep with sedatives & only woke the child on arrival at the O'Neill Farmhouse, Ayrshire using *Greetha* Mrs Grote's HEIR to gain entrance.

The O'Neills are friends of Margarethe Ransom Grote's father & mother deceased end of 19th century.

Mrs Ransom Grote's parents are Greta's grandparents twice back...THE FAMILIES ARE VERY CLOSE because of their histories at SEA & because of the vast Estate of philanthropy...

The said parents of Mrs Grote are Fred Ransom of the family ship 'Mary Rose' & his wife Poul Gronlander's grand-daughter owner of Jacopsholmen Island West Greenland, her eldest brother Count Poulsen of Norway...Island granted 1770 to erect the University to POUL GRONLANDER polymath genius catechist trader...Interference from 1860s became so violent from Denmark that the Plans to BUILD had to be laid aside...
MURDER attempts occurred on Ransom family & Tiggy GROTE of GROTE HOMES was murdered 1904 to grab hold of the Estate- Criminals were Earls of LINDSAY & Arran & other nobles ON THE PIN...often referred to by intelligent persons as 'criminally insane'
A woman ANGELA insisted as a child 'THE OLD ESKIMO gave it all to her'

All of this Class are ILL EDUCATED & ON THE PIN...they are PENNILESS from the previous generation...but do not know how to live on what they are given or have left...

In 1938 this woman gave orders `I want the Grote Homes emptied the lands sold & the moneys are to be given to me`...

Whitehall London assisted her in many ways ...LINDSAY Earls insisting they were in control...A Mr JIM JONG was also employed to fly about the world with others to seize the ART WORKS in the HOMES of the orphan children educating to 18 years with several languages...HUMANISTS who ACT THE GOSPELS OUT...Winter 1938/1939 the SLAYING OF THE GROTE HOMES CHILDREN BEGAN...
