Memo : G. R. ` 2 cousins Gronlander- Oct-Nov 1935

(I remember them October- November 1935- she big about 35 years old dark hair very white skin wearing heavy European clothes not furs...broke a tooth looking & laughing at my golden hair & blue eyes- *She may be called Margaret after her grandmother Great POUL's wife of Carlisle* ... I am 2 years & 8 months & have been told I may not hug & stroke the lovely sledge dogs for I do not have the right smell even if I am part a little Greenlander- Lennie has flown the seaplane 5 hours `to come up for a Beer` ...& they are very pleased with him- even though he has fair hair & green grey eyes - LEN FLYER- (these are delightful PORTRAITS IN TIME-Ransom histories...) (I Greta Ransom age coming 6 years remember the mounting horror because G. B. & some Scandinavians- *penniless nobles quite criminally insane-* were showing their fangs

at me & declaring they were above the law- & some claiming to be divine-

had decided to

1933-1939...the home of Millie Grandpa's mother...she left a young widow her husband JOHN RANSOM found dead by the schoolboys 8 am in the school playground of Hithergreen Church School 1890-

His liver cut out -he had his passport removed by Earl LINDSAY who sailed in 3 big RN ships to Jacopsholmen Island West Greenland to STOP he & Millie & friends living there... JOHN RANSOM he a Canadian-British-West Greenland citizen- Earl Lindsay using RN TO STOP HE & HIS FAMILY & friends -all in education & social welfare the-arts from opening up his Gronlander-Ransom family home on Jacopsholmen Island where he & Tiggy Grote his brother-in-law, his sister Margaret he & brother POUL had been raised in happiness : the school having the reputation of one of the most intelligent in the world... ref. Captain Alan Villiers "one SAIL Margarethe gave us the key..")

1972 LIR (Dr Len Immanuel RANSOM) - `My mother found after 4 days-they were about to bury her in a pauper's grave

- It had been carefully co-ordinated- JEAN 53 years-still dancing...a ballerina perhaps still at her best...

now the violence picked up- denying her ancestry- although they had begun this- some of the Earls Uncle` Lindsay soon after the marriage of 1909 when they could not get hold of ALL her family Trusts-properties-moneys...OFF SHORE ! They refused to acknowledge the Weddell marriage of 1824 -mouthing the SEA could have a more noble name-

& were demanding ALL RECORDS GROTE HOMES- property of the British Crown- & the Government had some acknowledgement now & then-for this

Noble

crime- NOTHING COULD BE GOT IN WRITING-OF THE NOBLE

CLAIM- The Earls Lindsay ever forceful in secret silence that we were kin & UNFIT to have this Estate - & they in charge for G. B. Government & Crown- WAR CAME...we all joined in...the heir got left & violence reigned...even though careful arrangements were made for her safety...

they began to enjoy destroying her education her health & their tongues grew so long & black attributing their crime to us -

LENNIE...` we found this madness had lead to the destruction of graves everywhere -so many bodies missing-so many kin missing overseas-& the HOMES entered into as we had reported to us 1936-items... art works-furniture-claimed as property of THE BRITISH CROWN- Aunt Mag still alive ! This was what the small GROTE` Homes were subjected to- they'd always been kept low key- an agreement with the nations they were in- especially after Tig's murder on Arran-1904-` But they were welcomed !`` The nonsense you hear from behind a hand raised to a mouth in Whitehall-environs -that the children were killed by the nations they were in is a wicked trick-gross distortion has been spread about the quality of the HOMES as you know now-as we discovered-these last years-

1972 -LIR is at pains to have Beryl follow- **ANDRE MALRAUX with dead boys from Mai 1961 cannot always make the matter clear**

-` AS HE ATTEMPTS TO EXPLAIN ALL THIS PAST-THIS TIME WE HAVE ALL TRAVELLED THROUGH-he is crushed- finds himself at fault for not being more alert

-` & they` hasten to tell him it is not so- They all know it is the GREATEST CRIME ON EARTH by monstrous greed-ignorance & heavy use of dope-booze- a DECLINE & FALL of ongoing VIOLENCE...

...& yet AGAIN- ships that pass in the night... I sat on a sea wall beside a man an old man in Brittany... when I was in my 20s- He told me of an Angel who came with a small boy-how she watched him fishing with a net he flung beside his knees- he would wade out & stay still then fling-she spoke to him a few words-she explained fishing methods where she came from in the North... & she came in the mornings for two weeks with her small son & always spoke with him...

(Len has drawn this)

Then one day

(he told me)

how she took him to buy a boat-

No he need not pay the bank anymore than what she had paid to them- payment when he found he had sufficient from the fishing each time

- & if he found he had surplus fish then he must take them to a HOME for orphans nearby...

She took him to see them-

& the HOME for orphans was a real home

& it became part of his life-□□ He had his widow mother & two younger siblings to rear when he met her & they depended upon him-

they could now take part in the life of the HOME for orphans...

HE WAS 15 YEARS OF AGE-

Now he had one son a fisherman & one son a Notaire- HE NEVER SAID HER NAME

& I - I did not ask... *Ships that pass in the night`*

` I can only bow my head and say I- ANDRE MALRAUX-

I DID NOT KNOW- by Christmas 1937 my correspondence to the families did not arrive-
but we had our friend our hostess-

& she delivered to them all messages from Jo and myself-

From Mai 1938 all my mail was scrutiny the British Government & Crown-where they
could arrange it-

1937 Summer- THE ARRIVAL He arrived about 2.30pm-with Jo ? No-she had to come
later-he will not travel with her. He came by plane- she came a little later on another
London train ...

I Greta Ransom awoke having been put earlier in my brother John Gordon's cot for a
midday sleep... *(by the kind half Jewish lady with the sick husband who we pay well to
do a few chores-she will not come when SHEshe is here-& we
understand & agree-)* t

o find Unity's mother and a tall fragile
very

tall young man peering into my face -

then swaying backwards & staring more & looking round the simple furnished bedroom
-for I had woken as I heard the Old Road door opened downstairs & was standing on my
toes holding the cot rail-standing on the very tips- I see JEAN do this in her ballet shoes -

He had a very too tight grey jacket of a worsted raised weave, such bright eyes
keen-searching about him-kindly-a flop of dark hair coming over his forehead & cheek as
he leaned down at me- *I have been told they are Catholics very much so when children...*
She addressed him as
ANDRE...

Unity's mother said apologetically after finding my clothes neatly on the chair `...` and

the little thing is already in its sub-conscious mind Andre- Teresa goes up to town- I have the key & we share the guardianship during the holidays- she is at the Convent School on the seafront -□□ If you don't mind we will have her a few days to give Mary Gordon a rest...."□□ She is to re-speak this to PJPW 1968/9- & Andre Malraux has his notebooks- he has gone over this first meeting so many times-through the decades ahead to his early death- November 1976...

Andre MALRAUX says to PJPW 1970 `I wanted to keep her with me all the time- I always have- when the truth was told to me about the ESTATE it was going to be too late unless the POST/mail was delivered- not stolen by your nation... as it has from 1937 near Christmas-

G .R.□□ If only he had been told immediately I have really travelled from October 1935 to summer 1936 from Pole Nord to Pole Sud- learning with Lennie about the work of Thomas & Margarethe girl of the Snows- & that my instructions for how to get out of a MOUND-INCA then Alexandra Palace was an experience I survived because of the earlier INCA training !□ Mary Gordon thought he'd been told- Ransom family have gone rescuing young Missionary Murgatroyd in Spain- Lindsaybuggarhs *hath* been told by Angela they can lay hands on this estate- log the half a mountain too-□ they can share the dough- I don't know until October 1937 all details-

PRAISE HEAVEN- When villains are out to demolish GROTE HOMES Ransom Estates & kill the heirs in scandalous ways-intending to hit the newspapers with foul destruction of our family character I was fortunate to have toured our ancestral lands &

been instructed by ` kin & kith` -I was a good listener early on- it was the family manner- I

am now 4 years & 6 months old July 1937- He is learning too-this young man of Gaul- I hath begun on political economy-but we never take part in Governments or fight unless it hath to be so- Tiggy was always asked to come & talk out political problems in dozens of small nations A to Z...

Home- we go 3 times a day & this young

fellah

says he doth not mind & it will be agreeable & he will help in the Calls- He is nicely brought up then- & later I will hear of his 3 Graces- who stopped him falling into Dante's Hell- His mother dead-how sad... & his granny Adriannea...but his Aunt Mary-Marie is alive- & she cares for him...

He is called ANDRE-but when in public places we should say Andrew-or George- I am to glean that a Clara is chasing him with a gun- & most of all wants to shoot JO- Jo who is clearly a young lady- `French Law will allow Clara to shoot- & cry`

Crème passion dale - cannot ask Lennie- he is away

... `TO GET AWAY they had to dress a friend up as JO - this had to be done every morning & she the friend sat in a window wearing a big hat with a newspaper & a cup of coffee- Where Clara kept watch or had a watcher- the friend had been able to tell them that the ruse was working & she would go on`

JO is a writer- tall very tall, & he makes her sad sometimes- THUS I BEGIN TO CALL HIM TO HIS BETTER FEELINGS- HE IS A ROMAN CATHOLIC- & so am I

-
but also like Daddy and everyone a Quaker-mixed Nonconformist- & a HUMANIST...

RANSOM-we sail under an invisible flag-HUMANITAS-but we can also sail under that of ZHENG HE`...Admiral of the China Seas-he gave us a Courtesy Flag for 3 Emperors-for he came aboard sometimes- & they talked philosophy. We have at that time the Sea-trading RANSOM brothers marry & give Len & all of us 3 grandmothers in a straight line of CHINA... & `must have

become slant eyed for awhile` says FJR

-□□ 1. Miss Siberia & other parts along the coast/ Kurile Islands dowry-

2. Miss The Lady of the Miraculous Condition

-□□□ 3.□ a daughter

m 1450

of the

philosopher-Governor of the Settlement & shares it with his friend 2 years on 2 years off-HUE ARTAN-□ He in his last Will & Testament demands in the 15th century we should all sail in for 10,000 years & visit him as he sits on the headlands- a statue of 16 feet tall-& my father (FJR) hath warned me...

‘YOU are of his line-HUE` - not he of yours- remember daughter- he was a great man in solving human problems

-
see the Life of HUE`-we
hath

restored some-

Then 1499 Fred Ransom□ of that time loses his 2 sons & wife at sea- (*2 girls were nicely married*) This is

how he marries 1504 Asian lady no 4 Okinawa/Japan

(
he can be seen as Lazarus in Kalkar Altarpiece & probably painter Joest let young Joos van Cleve our friend do this portrait)-

F.R. has lost his wife & 2 sons at SEA-her Japanese brother picked him up floating on a spar in the Arctic-he will wed again-
& he bought the Farm Montrose basin-1500- moving away from the Estate about Dundee where he lived with the first wife now dead- It is possible this girl first wife is

British/French / Uncle Liam & Uncle Fred MacMurray know these lines better than me- we have held a homestead/heimat on the EAST COAST of Britain since 92 AD...

The widower 5 years after his loss- he in his mid-40s marries

“*My Lovely Lady of Japan in Bruges Cathedral 1504 she in a gown of orange-pink` ...the Japanese Sea Captain’s sister in a Convent, age 27-a scholar-a humanist-*

We are a straight line from the 4 Ransom Brides of Asia- father to eldest son- I AM LEARNING ABOUT THEM- for the Estate Len & I hath care of with all the families RANSOM -all lines- our RANSOM brides dowry lands have also made this great piece of philanthropy possible- We all can visit everyone & they come visiting us to- or help with the Estate- & Xmas cards come from 11th 12th century Palestine- Seward Ransom has given us our oldest Estate- Brittany- & holds lands Accre Palestine coast-his wife is Arab & Italian/French/Greek (this may be *Hebith yaeah* who writes poems & he plays flute & psaltery for her) - they have 5 children & we are from the eldest son-

Our biggest RANSOM CHART with all the RANSOM girls married off is in the 2 dowry islets of the Lady Ransom-Yussah-*shampoo (Okinawa old Royal line)* the last two islands at the end of the LUSANS- her dowry given 1512- when FR & she visited in their ships & the marriage was approved- they took the 2 boys of the marriage- you see them in a famous painting by Holbein...

I & Lennie have not sold the islets - We are hopeful the Noble British obscene thieves were outwitted here- we always found our Japanese KIN so civilized- I missed out on going to see them August 1936- (Files/accounts etc.)-

1936 August/September- I G. R. missed visiting Japan & New York with Sarah & the de Salle family & Aunt MARGARETHE because Mr Jimmie Jong & the evil little Lindsay Earl no 14 hit me with an iron bar...I was in hospital with black face-then resting- before going to school at the Convent of St Clares` Clacton-on-Sea September 1936-

At the commence of the summer 1936 I G.R. was kidnapped on Continent from loving Grandparents of humanism- brought back to GROSS BRITAIN-

by the monsters of Whitehall acting for Lindsaybuggarhs & dough

-
there is gigantic obscene crime going on to lay claws on this miracle of philanthropy-using criminally insane Nobles & faulty Administration WHITEHALL- Len & I heard the TRICKS of the TRICKSTERS round the Brokers & solicitors Buenos Aries & New York 1936...

WE CANNOT GET ANYTHING IN WRITING FROM THEM

- I am not at all a Ward of Court-

& if that trick had been played then the Estate would have gone overseas to other RANSOM family as heirs- I EXPECT IT IS NOT TO BE SPOKEN OF TO ANDRE MALRAUX-

because of the planes we have-

not that he could have any-

`we do not fight`...

1937 Summer `We are staying at Unity's grandfather's house but her mother whom I sometimes call *Stella-the-stars* thinks the young couple should have a place of their own perhaps ...

*Told to `Jerusalem` household Deptford by G. R. grand-daughter of Frederick Charles Ransom & Jean Weddell ballerina October 1937` We did in 4 days put them in a rented room near Freddie Theatre & they stayed not a week & then hurried back to us for home comforts. This is the house on the corner across from the church on the right hand as you walk from Marine Parade into the town & Pier Avenue- & a few steps away is an *olden* hamlet 17th/18th century...just 3 little places & an Inn by a corner, an old lamp to be lit by the lamplighter- this house we stay in has a vegetable garden, a rectangle going down to a garage- a small road goes by & a bigger one- In March I planted the radishes spring onions & lettuces *for this visit which may take place**

I BEGIN TO MAKE A BANQUET IN THE SAND- it will perhaps cheer them to see it...then we can go & have real things to eat-I think we are getting a supper in the kitchen of the house on the corner & it is all very cosy & practical & they seem agreeable- Do not want to go anywhere- until they know the town they say

but I cannot draw it all- A Cine film is in my head of so much of this holiday- What a pity we cannot project the past from our memories & capture it as a film in the cinema...I will tell him this & that-snips of things- That the frozen mammoths may one day be made alive-& there is the lecture I attended & did not fall asleep like all the grown-ups-but they had had a good supper- It was in the March just past & still wintery- held in a little school at Colchester with an old gas lamp outside & the evening like a painting by moonlight & lamplight &
