THE GENOCIDE & THE DESTRUCTION OF PLANET EARTH...

1939-1950s-`...it is complained in a secret GREAT BRITAIN Parliamentary meeting that YOU Greta Ransom have a mud flats & have not drained it for years- so they have seen it is RIPE for development & have got an old Queen to have them take it from you

It is illegal to do this - the Crown & Earls Lindsay have NO CLAIM TO THIS ESTATE-1 `They are TRICKSTERS committing TREASON` said the Chinese Legation/Embassy London 1957...

`The Mud flats is a small piece of shore & it is a natural habitat for wild life & the people who fish hunt there-I they live in the forest you maintain- NOW IT HAS GONE-logged-the settlement families murdered-the place a dirty money making down-town holiday swamp

# **THE CROWN**

gets its share & they mouth at The Races about British Trade & ape Eskimo children should be given nothing at all-`

( MEMO to the Fraudsters : You dirty bilge rats & piles of dogs dirt along a street... G.R. )

`THEY HAVE TRASHED GREAT PARTS OF THE ESTATE- trashed these other Nations by speaking so in silence in unlawful meetings held in the British Parliament

buildings-when shutters closed & lamps lit- they are heroin doped up crooks-all of them-they had no money-they paid the interest on the interest all the 1930s-the Government Lords & the Crown-this is how they have laid the globe low- strutting about well togged lewdly descending on other lands-taking parts of a great piece of philanthropy to continue their high class debauchery...they are ignorant & have convinced themselves they are divine...

THEIR GREED IS THEIR GOD...

`ANDRE had nowhere to go after they murdered the boys- The THIEVES had no intention of having you & he produce `the messiah...`

**INFORMATION** from

` A man who lives offshore-he was born of them-but had no taste for their corruption ...`

I G.R. do not know who this is-

1945 late summer: Aunt Win said when he ANDRE is in her kitchen taking tea- ~you went into the Gift Shop- I was not there that summer for 3 months-I had gone to St Anne's to stay with my cousins after a broken engagement that did not suit his mother-but I heard all about your visit when I came back to work again-

Greetha

in Sunday clothes & a tall young man from SPAINyou bought a present for JO

the young lady with you sometimes
All the girls told me when I got back in September and how good looking he was- & he'd written a book-that men liked...~

My ex-ATS Aunt Winnie now is to be called Win & Aunt Win by nephews & nieces
She had walked me by the best restaurant with dancing on the Seafront & in the town
It was deserted-shuttered since before the WAR -I had already had an experience of un-tranquillity with George Colonel Andre that summer when he wished to walk on our 1937 summer footsteps -

Aunt Win began to reminded me of how Andre & JO & I & Stella stars Unity's mother that summer 1937 all went to this expensive place and she our hostess paid for it `as a treat`

Yes some scenes arose as if from hundreds of years ago-`

I G.R. will write some of that evening 1937 - *George* ANDRE 1950s has given me back some of the memories from his notebooks-

1937 Summer `Andre puts me to sleep on his folded coat at his feet under the table- ( He doth not know he hath

THE WORLD AT HIS FEET -

MINVERVA would write a song finding this amusing...)

Andre & JO are swooping in dance there tall figures full of energy to a good Band of about 9 musicians
`NIGHT & DAY & the other popular 1930s tunes- They begin the supper when I begin to sleep- then I awake to the lovely music playing on- & we all 3 go dancing together- I on his shoulder-or held to his breast- he has one hand for holding

JO

in the dance-

I am a bush baby with big eyes...

We sit on the balcony where our table seems to be half in half out on the balcony where the big sliding glass windows are pulled open wide-□ Then we go for a walk on the Promenade after sitting looking at the black night blending into the silver black sea & it is also a midnight blue to coal black sky where the electric lights reach- Some ships anchored far out-steamers-fisher boats & they remind me of current fashions of □ sequins on black & deepest velvet black-blue- There is the murmur of sea & soft voices happy tones on the Pier- & along the Sea front in the dark-smell of fags-some different scents are miniature cigars...

- NO MONSTERS FROM THE DEEP- all gone to London Town & to SPAIN- the Murgatroyd Ethiopia Missionary Estate savage murder done

but I do not know until October 1937-

Perhaps the music Sand in my Shoes

was danced to by us three- such a beautiful tune I thinkWhat did they have for supper in this most expensive restaurant ?
I do not recall or did not know I
I had been fed & had to take my nap at 4 years &-a-half-before rising from-

**UNDER THE TABLE** 

for The Dancing until near Midnight!

JO's evening frock a disappointment but she explained she has to have something that she can travel with & will not need pressing- a dull brick red with broad straps crossed over her bare back a swirl to her ankles ... I had imagined her in a frock as the film Romeo & Juliet Seilznek

- Auntie Winnie & I saw it in the Odeon cinema some months ago- Or JO in organza-lace-embroidery-fairy like- Or a goddess as Margaretha in the oyster satin 1860s gown- her trousseau for New York and the Grote family gatherings- or when they sail in- in the family ship The Mary Rose to Monaco or Venice or Alexandria...

There was a deathly hush as she & Tiggy stepped ashore in Japan 1860s -& both of them greeted her line in their natural Japanese tongue- This is our Okinawa old Royal line the 1504 marriage of `Nihalah Lady Yuss=shampoo...her bridal gown is rose-orange coloured...

One day I will draw a frock for JO & see if she likes it- then Lennie could do the final design & I could pay for it to be made up & after JO has worn it & then it might be a wedding dress for other nations- The Greenland ladies had a sewing room a big one on Jacopsholmen-

F.R. grandpa twice back who is Margarethe's father was coming home in the dark Jacopsholmen our Island & he saw a famous painting drift from one goodly home to

another across the snow...Getting home he enquired of Gertrude `who was The RAPHAEL Madonna he had just passed as Jacop's Church Bell rang` ...

Fred Ransom got used to this- the Greenland ladies not only copied the Paris fashions they copied all the paintings they saw when he took them a spin in the Mary Rose- for he never sailed empty of those he felt should see the world- it was very useful that they learned so swiftly & they were able to act in the great PLAY Seasons- not just play in the orchestra...

HE KEPT AWAY FROM GROSS BRITANNIA-it was inhabited by high class monsters of racism-he'd go quietly to Montrose Basin to his brother John Ransom & family if he had to...

1937 Summer -By the Gift Shop is the Kinema Cinema a privately owned cinema once an ANDRE George of the German & Italian films I see old Music Hall-& I tell with Daddy Uncle Harry & Lennie-& others- They have sub-titles in white-everybody in the family speaks other languages b ut not all of us-

sometimes there are silent films for the old people on a Wednesday afternoon & evening
-Grandpa used to like Charlie Chaplin & The Policeman-

When ANDRE Colonel Malraux

then it was settled it could be shown in a schoolroom somewhere over at Manningtree-

wishes to discuss about it with Armstrong Geographer, Cambridge University-our teacher of history/geography in the War years 1942/45 when the teachers dashed about everywhere having an allowance of petrol for their car

1937 Summer I see JOJo&Jo go into the Hairdressers next the Kinema- Andre & I told to stay by the Tree in the centre of the town with the wood circle of seats around & not go wandering off for hours- she has a shopping basket on her arm & people say to us now-□ `Where's JO- ?□

He began to find GROSS BRITAIN HAD BIG IMPERIAL BOOTS

as its Empire slipped into the SEAS...

1864 first GROTE Home OHIO- in the 1870s The VATICAN after a 2 years trial said `Tiggy you can go ahead` & we won't wait for 5 year results-Tiggy had the Vatican door open because of POUL GRONLANDER his great-grandfather-in-law

& display the GOSPELS ACTED OUT-

The Dialogue with the Roaring Arab Clerics is successful: Tiggy invited them to Baltimore for a visit- they stayed in Baltimore for 2 years- saw more of America-were delighted with manners & hospitality... The Arab prince agreeing with Tig was relieved- they returned the roaring radicals

within reason-[]
