

1937 Summer - **MARY GORDON** conversations with **ANDRE MALRAUX**- they *agree*- such a waste of life- but circumstances were so out of control-

A STATEMENT HAD BEEN MADE

A raining afternoon & perhaps it is a resting afternoon from our late nights early dawns...

With the shells we brought back from the beaches I suggested we make a TOBACCO JAR- glue

them on- but the paper paste was not strong enough-

JO said she would do something simple-

& made this bolero for SPAIN

-

she felt the Tobacco jar sounded too difficult...

G.R.

We had many activities for wet or resting afternoons & when we felt like `staying home` - perhaps we were to go to The Dancing- or the theatre that night.

JO

& I can take our baskets & `go round the town` with an umbrella if its wet-perhaps finding something to put away in the kitchen cupboard for

1931 onwards-the British Crown & Government Lords EMBARKED UPON MASSIVE FRAUD- I
lead by Lindsaybuggarhs Earls &

Jim

Jong- & thugs in Navy & Army hired for dough- give them a pellet of purple narcotic to
play tough-murder-have fun-pick up some goodies...

They launched into killing all of Gertruid's cousins-on the ISLAND- Poul Gronlander kith &
kin now murdered up & down the Greenland shores & on the Island/
they were educated

We came upon disaster Nov. 1935 Kristenshab-

**`They ordered her killing-she murdered 6 weeks later-they had her brother harassed up
to Gotharb- he dies in 18 months another of their murders of Gronlander-Ransom-**

**The British Noble scum had emptied his bank- removed all his identification papers- stol
en the few things they allowed him to leave his island home with- he had them on a**

sleigh-they had had a beautiful warm home on the Island-they were told it was all property of the British Government & Crown...
Denmark gave G.B. a hand

...

Aunt Mag would know them-she always gave generous wedding presents to the islanders & took a care of sending good furnishing & household goods from New York for everyone...

She was not told of their murders as she had now so much grief- her son murdered October 1933- Her cousin Count Poulsen`s wife on the Island shores October 1933 by JIM

he this half Chinese racist had killed her grand-daughter in the same pattern of hate after marriage was refused him/he hoped to take ALL THE ESTATE but had 2 wives one in Algiers one in France/he married for money...

The British Empire gave a Decree to KILL to JIM & Earls Lindsaybuggarhs & Nobles who had already bagged Estates overseas they`d move in on WHEN THE OLD ESKIMO IS FOUND & KILLED - these coarse violent British nobles were all high on DOPE- they used it from 12/13 years of age...& THEY WERE ALL PENNILESS...from extravagance...

also escaping from Imperial violence Gross Brit -we travelled in our 3 seaplanes/diaries-photos-drawings-Letters to/from a Republic-

we made friends-our friends came to understand what I wanted to do in life-I was

that summer when we were a unit-then a family-

We had come for 2 weeks but stayed on-5 weeks- Greta accompanied us to LINCOLN- a
journey to see a monument to my father's line-& places where my mother's line had
lived-fished-traded that coast-farmed- East Anglia-It began Lincoln & then over to The

stayed-

we discovered 2 people retired-

it was Mr Poulter who began to be concerned-

He had worked with children-psychology-on the Continent-
he trained in chemistry of the brain-Germany-other nations...`

1945 early that summer- June- He called Teresa a Virago-he was surprised when I related to him my memories of meeting her December 1924 Deauville-she & another girl were with us- my friends-about two weeks - Neither the Winnclemans or I knew of an inheritance overseas.

Miss Winnie Gordon did not hand me her copy of the Will -
