1970 April- I hear outside The Pillar House School Lane Harwell the piping pig noises of Mr dirty Jimmie

CUR

James

rattling chains

(next year Lewd-Lord James)

ordering men to measure up the whole plot of the Pillar House on the corner down to the East Gate -

I nearly fainted in sheer fear & horror...

JIM

had been attempting to buy the Jeffrey's back half of the house with the big garden & swimming pool- for CHEAP-

He went in with 2 thugs one night

...later we hear they intended cutting the roof joists our side & the floors where they could reach into them...

He would then say it was rotten get the whole & put up a block of Flats...

I told Mrs Jeffreys later that *morning* `if you would like to telephone Peter's cousin he will tell you we can buy the house soon- late Spring-` She said we want you to have it- put it back in one house- we only separated it because we got robbed in Wantage with a shop-

She described to me the house as it was built... how the West sun came in the front windows & the calm she felt entering- but they had been robbed horribly & her husband had to work full-time the garage they had opened- She said then young Derek Southall Artist came with his family- He climbed in a window to look at the house- He bought the front of The Pillar House- & saved their lives ~...

The Derek Southall big construction in purples he leaves 7 years on to the BMNH new owners-

he began to think of this & that as young people do as he walked a student amongst Albert Speers buildings East Berlin 1960- & saw The Pergamon remains

ANDRE MALRAUX said he would put it in an alcove -
we had it at the top of the impressive staircase...
as it is here in GAUL...

The Pillar House Harwell home of 3 British Artists... We moved into the house 4 Feb 1969... getting the back half 28th July 1970 & the house was again as it had been when the artists lived in it- Built 1852 after the village fire the family asked the Builder to put back their home so that the building is more 18
